Schmalisch, Gail Steketee, 2011-06-22 Hoarding is a serious time consuming and expensive problem for virtually every community across the United States. First responders often encounter hoarding unexpectedly and are confused about how to resolve the wide range of problems from public health and fire safety violations to housing violations to concern for the welfare of children, elders, and animals. Sometimes solutions must be coordinated across several human service disciplines. The first of its kind, this handy guide is a nuts and bolts resource filled with case studies, tips, and strategies and easy to use suggestions for professionals responding to hoarding situations. Organized around the common ways hoarding captures the attention of social service providers, this user friendly guide provides tools to assess the problem, to coordinate and delegate tasks among helping professionals, and to work directly with reluctant hoarders and those affected by the hoarding. Chapters give hands on guidance and decision trees for who should be involved and what strategies are needed for each case. This book is compassionate and comprehensive, an invaluable reference for social workers and human service providers in a broad range of fields.

**Essentials of Health Justice: Law, Policy, and Structural Change** Elizabeth Tobin-Tyler, Joel B. Teitelbaum, 2022-06-17 Building and expanding upon the prior edition of *Essentials of Health Justice*, the new second edition of this unparalleled text explores the historical structural and legal underpinnings of racial, ethnic, gender based, and ableist inequities in health and provides a framework for students to consider how and why health inequity is tied to the ways that laws are structured and enforced. Additionally, it offers analysis of potential solutions and posits how law may be used as a tool to remedy health injustice. Written for a wide interdisciplinary audience of students and scholars in public health, medicine, and law, as well as other health professions, this accessible text discusses both the systems and policies that influence health and explores opportunities to advocate for legal and policy change by public health practitioners and policymakers, physicians, health care professionals, lawyers, and lay people.
