

A light inextensible rope has a block A of mass 5 kg attached at one end, and a block B of mass 16 kg attached at the other end. The rope passes over a smooth pulley which is fixed at the top of a rough plane inclined at an angle of 30° to the horizontal. Block A is held at rest at the bottom of the plane and block B hangs below the pulley (see diagram). The coefficient of friction between A and the plane is $\frac{1}{\sqrt{3}}$. Block A is released from rest and the system starts to move. When each of the blocks has moved a distance of $x \text{ m}$ each has speed $v \text{ ms}^{-1}$.

(i) Write down the gain in kinetic energy of the system in terms of v . [1]

(ii) Find, in terms of x ,

(a) the loss of gravitational potential energy of the system, [2]

(b) the work done against the frictional force. [3]

(iii) Show that $21v^2 = 220x$. [2]

- 6 A particle P of mass 0.2 kg is released from a point 7.2 m above the surface of the liquid in a container. P falls through the air and into the liquid. There is no air resistance and there is no instantaneous change of speed as P enters the liquid. When P is at a distance of 0.8 m below the surface of the liquid, P 's speed is 6 m s^{-1} . The only force on P due to the liquid is a constant resistance to motion of magnitude $R \text{ N}$.

(i) Find the deceleration of P while it is falling through the liquid, and hence find the value of R . [5]

The depth of the liquid in the container is 3.6 m . P is taken from the container and attached to one end of a light inextensible string. P is placed at the bottom of the container and then pulled vertically upwards with constant acceleration. The resistance to motion of $R \text{ N}$ continues to act. The particle reaches the surface 4 s after leaving the bottom of the container.

(ii) Find the tension in the string. [4]

[Question 7 is printed on the next page.]

June 2014 Edexcel Mechanics Question Paper

F Rizvi

June 2014 Edexcel Mechanics Question Paper:

Eventually, you will enormously discover a other experience and attainment by spending more cash. nevertheless when? attain you bow to that you require to acquire those all needs behind having significantly cash? Why dont you try to acquire something basic in the beginning? Thats something that will guide you to comprehend even more roughly the globe, experience, some places, afterward history, amusement, and a lot more?

It is your totally own times to accomplish reviewing habit. in the course of guides you could enjoy now is **June 2014 Edexcel Mechanics Question Paper** below.
