investigates how to navigate the complexity of day to day family logistics Making these decisions is less about finding the specific answer and more about taking the right approach Parents of this age are often still working in baby mode which is to say under stress and on the fly That is a classic management problem and Oster takes a page from her time as a business school professor at the University of Chicago to show us that thoughtful business process can help smooth out tough family decisions The Family Firm is a smart and winning guide to how to think clearly and with less ambient stress about the key decisions of the elementary school years Parenting is a full time job It s time we start treating it like one
