The Medical Library Association Guide to Providing Consumer and Patient Health Information Michele Spatz, 2014-05-01 Comprised of fifteen chapters written by experienced consumer health librarians The Medical Library Association Guide to Providing Consumer and Patient Health Information is designed for library and information science graduate students as well as librarians new to health and medical librarianship regardless of library setting It is comprehensive in scope covering all aspects of consumer and patient health and medical information from their humble grassroots beginnings to the ever evolving applications of new technology and social media In between the mundane aspects of health and medical librarianship such as needs assessment costs budgeting and funding and staffing are discussed Adding richness to this discussion are the coverage of more sensitive topics such as patient friendly technology ethical issues in providing consumer and patient health information meeting the needs of diverse populations and responding to individuals from various cultural backgrounds No comprehensive picture of consumer and patient health librarianship would be complete without addressing the critical importance of marketing and strategic partnerships such discussions round out this invaluable guide Patients today must be knowledgeable enough to participate in their health and well being Shorter hospital stays changing reimbursement patterns and the gradual shift towards focusing

on proactively maintaining health and managing disease require patients to be informed and actively engaged Education information and understanding are important components of actively engaged patients Correspondingly in today s e world there is a glut of information resources available through the Internet from YouTube videos to Googling to blogs and Twitter feeds What is lacking in these information rich times is the relevance of meaning and context for those who ask Does this health and medical information apply to me and my unique clinical picture or How do I use this information As knowledge navigators information technology wizards and content experts librarians offer focused responses to individuals specific and highly personal health and medical information queries In a new healthcare world order of optimizing health and minimizing hospitalizations such a service is invaluable Sadly there still exists in our highly networked and technological age an information gap for those who struggle in obtaining meaningful health or medical information These individuals may be foreign born non English speaking poor rural aged or semi literate Whatever their status librarians must have the wherewith all to find germane resources and also help create responsive mechanisms to bridge that health information gap for vulnerable citizens The Medical Library Association Guide to Providing Consumer and Patient Health Information will guide you on the road to providing that response [America, the Owner's Manual](#) Bob Graham,Chris Hand,2016-07-15 In 2016 Americans fed up with the political process vented that frustration with their votes Republicans nominated for president a wealthy businessman and former reality show host best known on the campaign trail for his sharp rhetoric against immigration and foreign trade Democrats nearly selected a self described socialist who ran on a populist platform against the influence of big money in politics While it is not surprising that Americans would channel their frustrations into votes for contenders who pledge to end business as usual the truth is that we don t have to pin our hopes for greater participation on any one candidate All of us have a say if we learn master and practice the skills of effective citizenship One of the biggest roadblocks to participation in democracy is the perception that privileged citizens and special interests command the levers of power and that everyday Americans can t fight City Hall That perception is undoubtedly why a 2015 Pew Charitable Trusts survey found that 74 percent of those Americans surveyed believed that most elected officials didn t care what people like them thought Graham and Hand intend to change that conventional wisdom by showing citizens how to flex their citizenship muscles They describe effective citizenship skills and provide tips from civic experts Even more importantly they offer numerous examples of everyday Americans who have used their skills to make democracy respond The reader will see themselves in these examples of citizens who chose to be victorious participants rather than tranquil spectators in the arena of democracy By the end of the book you will have new confidence that citizen participation is the lifeblood of America and will be ready to make governments work for you not the other way around [The Handheld Library](#) Thomas A.
