The English Militia in the Eighteenth Century J. R. Western, 2023-11-06 First published in 1965 *The English Militia in the Eighteenth Century* directs light on English politics and government through studying the militia from the Restoration to the days of the younger Pitt The militia occupied a significant place both in the quarrels between king and parliament in the later seventeenth century and in the struggle for power between the elder Pitt and the Duke of Newcastle Raised and officered by the county and parish authorities its maintenance constantly posed the problem of how to harness the machinery of local government to national purposes The gentry had to be induced to help and the militia like other institutions national and local was shaped by the fashion and extent to which they responded The book will be of interest to students of history political science and literature

Crude Oil, Crude Money Thomas W. Lippman, 2019-05-03 The untold story of how Exxon Mobil Chevron and Texaco teamed up with the CIA and Department of State to thwart the plans of Greek shipping magnate Aristotle Onassis who almost managed to reshape the Middle East In 1954 Aristotle Onassis long before he married Jacqueline Kennedy made a bold business gamble he tried to corner the crude oil shipping market by signing a deal with the King of Saudi Arabia If it had worked it would have reshaped the history of the Middle East As it was the proposed deal terrified British and U S oil companies and the Dulles brothers who saw it as the first move in the nationalization of Saudi oil Complicating things was the burgeoning Arab nationalist movement led by Egypt's newly elected president Gamal Nasser And of course there were the Soviets now without Stalin eager to build influence in the region This little known story about the collision of nationalism money celebrity and oil sheds new light on the tangled history of the Middle East Drawing on the author's immense knowledge of the Middle East and original research incorporating unexplored declassified documents the book is an eye opener for students of U S foreign policy anyone interested in the global oil business and scholars and historians of the role of the U S in the Arab world

Open Admissions Danica Savonick, 2024-07-05 In *Open Admissions* Danica Savonick traces the largely untold story of the teaching experience of Toni Cade Bambara June Jordan Audre Lorde and Adrienne Rich at the City University of New York cuny in the late 1960s and early 1970s This period during which cuny guaranteed tuition free admission to every city high school graduate was one of the most controversial in US educational history Analyzing their archival teaching materials syllabi lesson plans and assignments alongside their published work Savonick reveals how these renowned writers were also transformative educators who developed creative methods of teaching their students to navigate and change the world In fact many of their methods such as student led courses collaborative public projects and the publication of student writing anticipated the kinds of student centered and antiracist pedagogies that have become popular in recent years In addition to recovering the pedagogical legacy of these writers Savonick shows how teaching in cuny's free

and open classrooms fundamentally altered their writing and with it the course of American literature and feminist criticism

Readin' + Writin' for the Hard-hat Crowd Susan R. Merrifield, 2005 *Readin' Writin' for the Hard Hat Crowd* explores the history of an urban public university from its conception in 1964 to the dawn of the twenty first century The reader views this place in time through the lens of the evolving nature of freshman English an introductory curriculum that began as four semesters of Great Books The author herself among those once labeled the hard hat crowd received an undergraduate education similar to that experienced by her contemporaries at elite private colleges Yet while this school once considered a poor man's Harvard was founded with a mission to provide academic equity the curriculum evolved to one that responded to pressure for relevancy and practicality

Congress Senate,1960 **Bulletin** ,1995 *Hope and Despair* Paul B. Rich,1993-12-31 The Soweto crisis of 1976 marked a watershed in South African political and social history It focused the attention of the world on the injustice of South African society and started the long and tortuous process that has led to the dismantling of Apartheid This book examines the role and increasing impotence of English speaking intellectuals and liberals in South African politics from the 19th century until the Soweto crisis *Vietnam Declassified* Thomas L. Ahern Jr.,2009-12-18 Vietnam Declassified is a detailed account of the CIA s effort to help South Vietnamese authorities win the loyalty of the Vietnamese peasantry and suppress the Viet Cong Covering the CIA engagement from 1954 to mid 1972 it provides a thorough analysis of the agency and its partners Retired CIA operative and intelligence consultant Thomas L. Ahern Jr is the first to comprehensively document the CIA s role in the rural pacification of South Vietnam drawing from secret archives to which he had unrestricted access In addition to a chronology of operations the book explores the assumptions political values and cultural outlooks of not only the CIA and other U S government agencies but also of the peasants Viet Cong and Saigon government forces competing for their loyalty The depth of Ahern s research combined with the timely relevance of his analysis to current events in the Middle East makes this title an important addition to military literature *Official Proceedings ... Cook County (Ill.). Board of County Commissioners,1891* *John Bull's Other Homes* Murray Fraser,1996-01-01 State housing became an integral part of the relationship between Ireland and Great Britain from the 1880s until the early 1990s Using research from both Irish and Westminster sources this book shows that there was recurrent pressure for the state to intervene in housing in Ireland in a period when the Irish Question was the major domestic political issue The result was that the model of subsidized state housing subsequently introduced in Britain was first developed in Ireland as a product of the tensions of British rule An important corollary of innovative Irish housing policy was its influence even in a negative sense on developments in mainland Britain This book also examines the cultural impact of imperialism and in particular the way in which British ideas of garden suburb housing and town planning design came significantly to reshape the Irish urban environment Fraser not only presents hitherto unknown material but does so in a unique interdisciplinary blend of architectural planning urban and socio economic history *Sessional Papers of the Dominion of Canada* Canada. Parliament,1908 Report of the Dominion fishery commission on the fisheries of the province of Ontario 1893 issued as vol 26 no 7 supplement *Counter-Narratives* M. Al-Rasheed,R. Vitalis,2004-03-17 Saudi Arabia and Yemen are two countries of crucial importance in the Middle East and yet our knowledge about them is highly limited while typical ways of looking at the histories of these countries have impeded understanding Counter Narratives brings together a group of leading scholars of the Middle East using new theoretical and methodological approaches to cross examine standard
