The Oxford Handbook of Language Contact Anthony P. Grant, 2020-01-10 Every language has been influenced in some way by other languages In many cases this influence is reflected in words which have been absorbed from other languages as the names for newer items or ideas such as perestroika manga or intifada from Russian Japanese and Arabic respectively In other cases the influence of other languages goes deeper and includes the addition of new sounds grammatical forms and idioms to the pre existing language For example English's structure has been shaped in such a way by the effects of Norse French Latin and Celtic though English is not alone in its openness to these influences Any features can potentially be transferred from one language to another if the sociolinguistic and structural circumstances allow for it Further new languages pidgins creoles and mixed languages can come into being as the result of language contact In thirty three chapters The Oxford Handbook of Language Contact examines the various forms of contact induced linguistic change and the levels of language which have provided

instances of these influences In addition it provides accounts of how language contact has affected some twenty languages spoken and signed from all parts of the world Chapters are written by experts and native speakers from years of research and fieldwork Ultimately this Handbook provides an authoritative account of the possibilities and products of contact induced linguistic change ESL Readers and Writers in Higher Education Norman W. Evans, Neil J Anderson, William G.

Eggington, 2015-06-12 ESL Readers and Writers in Higher Education describes the challenges ESL students in U S postsecondary institutions face when studying in a second language and offers suggestions for how teachers advisors tutors and institutions might provide support that meets the reading and writing needs of this very important student population Because the ESL profession as a whole including what professionals are doing in the classroom sits under the umbrella of an institutional response to a language related challenge some solutions aimed at helping students achieve optimal proficiency lie outside of the classroom As such this book is based on the assertion that language development support is not the sole responsibility of language teachers Everyone on campuses that hosts ESL students bears some responsibility for these students language development Chapters are therefore intentionally adapted to appeal to a wide variety of readers from classroom teachers and teachers in training to admissions officers academic advisors and international student advisors

Latino Immigrant Youth and Interrupted Schooling Marguerite Lukes, 2015-02-17 This book offers an innovative look at the pre and post migration educational experiences of immigrant young adults with a particular focus on members of the Latino community Combining quantitative data with original interviews this book provides an engaging and nuanced look at a population that is both ubiquitous and overlooked challenging existing assumptions about those categorized as dropouts and closely examining the historical contexts for educational interruption in the chosen subgroup The combination of accessible prose and compelling new statistical data appeals to a wide audience particularly academic professionals education practitioners and policy makers **Life in a New Language** Distinguished Professor of Applied Linguistics

Ingrid Piller, Ingrid Piller, Donna Butorac, Senior Lecturer and Course Coordinator of Anthropology and Sociology Donna Butorac, Emily Farrell, Global Commercial Director for Open Research Emily Farrell, Loy Lising, Senior Lecturer in Linguistics Loy Lising, Shiva Motaghi-Tabari, Vera Williams Tetteh, 2024-06-03 International migration and the social diversity it creates constitute one of the key global challenges of the early 21st century Language and communication barriers can compromise equitable access in diverse societies and where socioeconomic disadvantage becomes entrenched it poses risks to security productivity and quality of life Clearly this is an important issue and migrants and their language choices are heavily politicized though political and media debates often rely on anecdotal conjecture or are ill informed Life in a New Language examines the language learning and settlement experiences of 130 migrants to Australia from 34 different countries in Africa Asia Europe and Latin America over a period of 20 years Reusing data shared from six separate sociolinguistic ethnographies the book illuminates participants lived experience of learning and communicating in a new language finding work and doing

family Additionally participants experiences with racism and identity making in a new context are explored The research uncovers significant hardship but also migrants courage and resilience The book has implications for language service provision migration policy open science and social justice movements

Transnational Research in English Language Teaching Rashmi Jain, Bedrettin Yazan, Suresh Canagarajah, 2022-07-15 This edited volume contributes to the creation of a comprehensive and a more inclusive understanding of an increasingly complex global ELT landscape across countries as well as across teaching and learning settings The volume brings together inquiries from language teachers educators and researchers from different backgrounds in the Global South and the Global North who use their experiences of shuttling across borders to reflect on the shaping of their pedagogical research and professional practices across higher education settings The chapters weave the personal professional and theoretical in a seamless manner examining transnational identities and pedagogical practices formed and informed by both communities home and host and include narratives that are not unidirectional The contributing authors also use a variety of qualitative research methods along with reflexive writing and exploration of the authors own positionalities to shed light on transnational identities and critique dominant pedagogical assumptions

Assessment of Feigned Cognitive Impairment, Second Edition Kyle Brauer Boone, 2021-06-04 The go to resource for

clinical and forensic practice has now been significantly revised with 85% new material reflecting the tremendous growth of the field. Leading authorities synthesize the state of the science on symptom feigning in cognitive testing and present evidence-based recommendations for distinguishing between credible and noncredible performance. A wide range of performance validity tests (PVTs) and symptom validity tests (SVTs) are critically reviewed and guidelines provided for applying them across differing cognitive domains and medical, neurological, and psychiatric conditions. The book also covers validity testing in forensic settings and with particular populations such as ethnic and linguistic minority group members. New to This Edition: Numerous new authors; a greatly expanded range of topics and the latest data throughout. Clinical primer chapter on how to select and interpret appropriate PVTs. Chapters on methods for validity testing in visual spatial processing speed and language domains and with cognitive screening instruments and personality inventories. Chapter on methods for interpreting multiple PVTs in combination. Chapters on additional populations: military personnel, children and adolescents, and clinical problems: dementia, somatoform conversion disorder. Chapters on research methods for validating PVTs, base rates of feigned mild traumatic brain injury, and more.

Voces María M. Carreira, Tom Beeman, 2014-10-28. Featuring hundreds of personal anecdotes by Latino college students against a backdrop of information on their culture, history, and academic needs and strengths, this book offers a compelling and exacting view of the world of Latino students and their families. With a large percentage of public school students being Latino, the future of America is intertwined with that of Latino youth and their educational experience. Who are these children and how are they transforming and being transformed by this nation? *Voces Latino Students on Life in the United States* serves to answer these questions, putting the focus on the voices of Latino youth and presenting the research through the real-world experiences and individual perspectives of Latino college students. The students' highly compelling yet rarely heard stories reveal the rewards and challenges of navigating two cultures and languages in school, home, and their communities and offer suggestions for how best to help other Latino youth. The student contributions are analyzed against a backdrop of information on Latino Americans such as demographics, Spanish/English bilingualism, beliefs, traditions, and cultural practices, putting special emphasis on factors that bear on the academic and social wellbeing of Latino youth. Taking an assets-based approach, the book underscores the strengths of these students and spotlights how they are poised to enrich the American mosaic.
