Façonné par la Haine, l'Exclusion et le Racisme Tarcisse Ruhamyandekwe, 2024-05-08 Ce livre raconte l'histoire de Tarcisse Ruhamyandekwe dont le parcours a commencé sa naissance au Rwanda Dans sa vie il a vécu tellement d'actes d'exclusion de discrimination et de racisme que sa première réaction était toujours de les ignorer Ce n'était pas normal mais c'était acceptable Ce comportement était en quelque sorte le résultat de sa vie en général L'exclusion la discrimination et le racisme étaient présents dès le début de sa vie Il est né au Rwanda alors un pays où le racisme était violent et qui a culminé avec l'horrible génocide contre les Tutsis en 1994 Entre l'âge de cinq et sept ans il a vu des soldats du régime politique postcolonial emmener son père au milieu de la nuit sous la menace d'armes feu simplement parce qu'il était Tutsi Entre l'âge de sept et treize ans on lui demandait régulièrement de se lever et de révéler son groupe ethnique Tutsi en classe Au début de la vingtaine il a été expulsé de l'Université nationale du Rwanda et s'est exilé cause de son groupe ethnique Au milieu de la vingtaine il était un étudiant sans papiers constamment soumis des noms préjoints au Zaire et la fin de la vingtaine il était un réfugié sans pays au Swaziland Avec ce bagage le traiter de négre dans la quarantaine au Canada n'était pas une insulte qui allait changer sa vie Mais un racisme sournois allait le priver d'opportunités incroyables dans une société où la vie dépend grandement de la performance financière Il a alors compris que pour une personne noire au Canada et qui plus est immigrante la fenêtre d'opportunités est si petite que non seulement vous avez un temps limité pour la saisir mais également besoin de compétences spécifiques pour réussir et non sombrer dans un environnement hostile Mais la fin ceux qui ont mis des difficultés et des embûches dans sa vie ont fait de lui une meilleure personne plus forte compatissante et plus résiliente

same material as the early vols of Social sciences humanities index Future Tense Roxanne Panchasi,2009 In the years between the world wars French intellectuals politicians and military leaders came to see certain encounters between human and machine organic and artificial national and international culture as premonitions of a future that was alternately unsettling and utopian Skyscrapers airplanes and gas masks were seen as traces in the present of a future world its technologies and its possible transformations In Future Tense Roxanne Panchasi illuminates both the anxieties and the hopes of a period when many French people traumatized by what their country had already suffered seemed determined to anticipate and shape the future Future Tense which features many compelling illustrations depicts experts proposing the prosthetic enhancement of the nation s bodies and homes architects discussing whether skyscrapers should be banned from Paris military strategists creating a massive fortification network the Maginot Line and French delegates to the League of Nations declaring their opposition to the artificial international language Esperanto Drawing on a wide range of sources Panchasi explores representations of the body the city and territorial security as well as changing understandings of a French civilization many believed to be threatened by Americanization Panchasi makes clear that memories of the past and even nostalgia for what might be lost in the future were crucial features of the culture of anticipation that emerged in the interwar period Emmanuel Levinas's Talmudic Turn Ethan Kleinberg,2021-10-19 In this rich intellectual history of the French Jewish philosopher Emmanuel Levinas s Talmudic lectures in Paris Ethan Kleinberg addresses Levinas s Jewish life and its relation to his philosophical writings while making an argument for the role and importance of Levinas s Talmudic lessons Pairing each chapter with a related Talmudic lecture Kleinberg uses the distinction Levinas presents between God on Our Side and God on God s Side to provide two discrete and at times conflicting approaches to Levinas s Talmudic readings One is historically situated and argued from our side while the other uses Levinas s Talmudic readings themselves to approach the issues as timeless and derived from God on God s own side Bringing the two approaches together Kleinberg asks whether the ethical message and moral urgency of Levinas s Talmudic lectures can be extended beyond the texts and beliefs of a chosen people religion or even the seemingly primary unit of the self Touching on Western philosophy French Enlightenment universalism and the Lithuanian Talmudic tradition Kleinberg provides readers with a boundary pushing investigation into the origins influences and causes of Levinas s turn to and use of Talmud *Notes and Queries* ,1876 **Beyond Écriture Féminine** Cathy Helen Wardle,2007 *Beyond Ecriture feminine* is the first book to be published exploring the work of the contemporary French author Jeanne Hyvrard 1945 from her early novels of the 1970s up to some of her most recent texts Moving critical accounts of Hyvrard beyond a focus upon ecriture feminine it identifies the patterns though which her writing repeats and transforms creation mythology her own oeuvre and her own life examining how intertextual repetitions bind her work together into a complex and ever expanding web of allusions and resonances which engages the reader in a process of constant re interpretation challenging notions of linearity and reflecting the chaotic reality of life in the Hyvrardian world

Reviewing the previous scholarship for seventeen of the most important poems in *Alcools* this book provides a detailed analysis of each work and includes a state of the art survey of current Apollinaire criticism Besides acquainting readers with the existing scholarship the book considers all the interpretations that have been proposed and indicates profitable directions to pursue Each poem is subjected to a rigorous line by line analysis that engages in a succession of dialogues with previous critics The studies themselves are arranged in roughly chronological order beginning with the *Rh nanes* in 1901 1902 and concluding with *Zone* in 1912 Although each chapter is basically conceived as an independent unit readers are able to follow the evolution of Apollinaire's aesthetics from his first mature creations through his subsequent experiments with fantastic hermetic visionary and cubist poetry At the same time they witness Apollinaire's personal evolution from his infatuation with Annie Playden through a period of deep depression his love affair with Marie Laurencin and the aftermath of that relationship
