Jobs and Justice Carmela Patrias, 2012-01-01 Juxtaposing a discussion of state policy with ideas of race and citizenship in Canadian civil society Carmela K Patrias shows how minority activists were able to bring national attention to racist employment discrimination during the Second World War and obtain official condemnation of such discrimination The Color of Work Timothy J. Minchin, 2003-01-14 Histories of the civil rights movement have generally overlooked the battle to integrate the South's major industries The paper industry which has played an important role in the southern economy since the 1930s has been particularly neglected Using previously untapped legal records and oral history interviews Timothy Minchin provides the first in depth account of the struggle to integrate southern paper mills Minchin describes how jobs in the southern paper industry were strictly segregated prior to the 1960s with black workers confined to low paying menial positions All work literally had a color every job was racially designated and workers were represented by segregated local unions Though black workers tried to protest workplace inequities through their unions their efforts were largely ineffective until passage of the 1964 Civil Rights Act opened the way for scores of antidiscrimination lawsuits Even then however resistance from executives and white workers ensured that the fight to integrate the paper industry was a long and difficult one Current Wage Developments, 1950 **Equal Employment Opportunity** United States.
