**Bottleneckers** William Mellor, Dick M. Carpenter II, 2016-12-13 Bottleneckers n a person who advocates for the creation or perpetuation of government regulation particularly an occupational license to restrict entry into his or her occupation thereby accruing an economic advantage without providing a benefit to consumers The Left Right and Center all hate them powerful special interests that use government power for their own private benefit In an era when the Left hates fat cats and the Right despises crony capitalists now there is an artful and memorable one word pejorative they can both get behind bottleneckers A bottleneckers is anyone who uses government power to limit competition and thereby reap monopoly profits and other benefits Bottleneckers work with politicians to constrict competition entrepreneurial innovation and opportunity They thereby limit consumer choice drive up consumer prices and they support politicians who willingly overstep the constitutional limits of their powers to create maintain and expand these anticompetitive bottlenecks The Institute for Justice s new book Bottleneckers coins a new word in the American lexicon and provides a rich history and well researched examples of bottleneckers in one occupation after another from alcohol distributors to taxicab cartels pointing the way to positive reforms **The Poverty Industry** Daniel L Hatcher, 2014-10-24 How funds for the needy are siphoned off for profit A distressing picture of how states routinely defraud taxpayers of millions of federal dollars Boston Review Government aid doesn t always go where it s supposed to Foster care agencies team up with companies to take disability and survivor benefits from abused and neglected children States and their revenue consultants use illusory schemes to siphon Medicaid funds intended for children and the poor into general state coffers Child support payments for foster children and families on public assistance are converted into government revenue And the poverty industry keeps expanding leaving us with nursing homes and juvenile detention centers that sedate residents to reduce costs and maximize profit local governments buying nursing homes to take the facilities federal aid while the elderly languish with poor care and counties hiring companies to mine the poor for additional funds in modern day debtor s prisons In *The Poverty Industry* Daniel L Hatcher shows us how state governments and their private industry partners are profiting from the social safety net turning America s most vulnerable populations into sources of revenue and stealing billions As policy experts across the political spectrum debate how to best structure government assistance programs a massive siphoning of the safety net is occurring behind the scenes

In the face of these abuses of power Hatcher offers a road map for reforms to realign the practices of human service agencies with their intended purpose to prevent the misuse of taxpayer dollars and ensure that aid truly reaches those in need

Meticulously researched lifts the lid on a system that rather than helping the needy systematically turns them into a source of revenue The Guardian Walks through the evolution of legal doctrine regarding rights of vulnerable persons and provides compelling evidence that scholars policymakers and advocates should take a closer look at the political and business relationships shaping contracting decisions involving for profit firms Political Science Quarterly *Housing and Planning References*, 1980 **Research in Education**, 1974 Catalog of Copyright Entries.
