

## **Vietcong military tactics.**

- **Guerrilla warfare**

Guerrilla warfare is the art of using knowledge of the landscape to avoid open battle with the enemy and to launch raids and surprise attacks, before disappearing back into the undergrowth. The Vietcong had experience of doing this while fighting the Japanese and the French after World War Two - they were very familiar with the terrain and the climate. They used the Ho Chi Minh Trail, which stretched from North Vietnam to the South, to keep their forces supplied.

- **Support from peasants**

The Vietcong won the 'hearts and minds' of the South Vietnamese peasants. They would offer to help them in their daily work and also promised them land, more wealth and freedom under Ho Chi Minh and the communists. It was difficult for American troops to know who was a Vietcong and who was not.

- **Ho Chi Minh Trail:**

Ho Chi Minh Trail: Vietcong guerrillas were kept well supplied by a constant stream of weapons from the North. These were carried on foot, by bicycle and mule along the Ho Chi Minh Trail - a jungle trail which wound through the neighbouring countries of Laos and Cambodia and which was bombed by the US Army but never fully disrupted.

The Vietcong had a hidden system of tunnels stretching over 200 miles. There were hospitals, armouries, sleeping quarters, kitchens and wells underground. These tunnel systems could hide thousands of Vietcong which helped them fight their guerrilla war. It would be the job of US 'tunnel rats' to search these tunnels. However, they were often booby-trapped with spikes and grenades.

**The Rise of Africa's Middle Class** Henning Melber, 2016-12-15 Across Africa a burgeoning middle class has become the poster child for the Africa rising narrative Ambitious aspirational and increasingly affluent this group is said to embody the values and hopes of the new Africa with international bodies ranging from the United Nations Development Programme to the World Bank regarding them as important agents of both economic development and democratic change This narrative however obscures the complex and often ambiguous role that this group actually plays in African societies Bringing together economists political scientists anthropologists and development experts and spanning a variety of case studies from across the continent this collection provides a much needed corrective to the received wisdom within development circles and provides a fresh perspective on social transformations in contemporary Africa

Islam and Capitalism in the Making of Modern Bahrain Rajeswary Ampalavanar Brown, 2023-05-01 In recent decades the culture society politics and economics of Bahrain have been transformed driving its global ambitions while retaining to a degree the rule of law and cosmopolitanism Islam and Capitalism in the Making of Modern Bahrain examines the transformation of Bahrain from the 1930s from a regional trading port and then an important oil producer into the financial hub for the Gulf and into a global centre of Islamic finance It focuses on the changes and tensions that transformation brought to Bahrain's political legal economic religious and social structures In this book Rajeswary Brown explores the rising force of youth populism driven by the persistence of poverty and unemployment notably among rural Shi'ite communities and unemployed middle class youth as well as examining Bahrain's skillful reconciliation of the demands of Islamic faith expressed in the Sharia to the requirements of modern financial capitalism In this Bahrain's experience can be set against the modern history of much of the rest of the Middle East most strikingly with respect to the position of Islamic charities notably in Syria comparisons of which are fully explored here

*Captive Fathers, Captive Children* Terry Smyth, 2022-10-06 Why are the daughters and sons of Far East prisoners of war still captivated by the stories of their fathers What is it that compels so many of the children after so many years to search for the details of their fathers captivity And how over the decades have they come to terms with their childhood memories In his book Terry Smyth treads new ground by examining the processes through which the children's memory practices came to be rooted in the POW experiences of their fathers By following a life course approach and a psychosocial methodology the book demonstrates how memory and trauma were worked into the social and cultural lives of individual children and explores how the relationship between their inner psychic worlds and subsequent memory practices unfolded against a challenging and morally ambivalent geopolitical background The book invites readers to engage with the author in a journey of exploration and self reflection with elements of auto ethnography adding richness to the text Enlivened by interview extracts case study material and ethnographic observations this work opens up fresh and ambitious perspectives on the personal legacies of war

**Understanding West Africa's Ebola Epidemic** Ibrahim Abdullah, Ismail Rashid, 2017-10-15 From 2013 to 2015 over 11 000 people across West Africa lost their lives to the deadliest outbreak of the Ebola virus in history Crucially this epidemic marked the first time the virus was able to spread beyond rural areas to major cities overturning conventional assumptions about its epidemiology With backgrounds ranging from development to disease control the contributors to this volume some of them based in countries affected by the Ebola epidemic consider the underlying factors that shaped this unprecedented outbreak While championing the heroic efforts of local communities and aid workers in halting the spread of the disease the contributors also reveal deep structural problems in both the countries and humanitarian agencies involved which hampered the efforts to contain the epidemic Alarming they show that little has been

learned from these events with health provision remaining underfunded and poorly equipped to deal with future outbreaks. Such issues they argue reflect the wider challenges we face in tackling epidemic disease in an increasingly interconnected world.

The Sociology of Translation and the Politics of Sustainability John Ødemark, Åmund Norum Resløyken, Ida Lillehagen, Eivind Engebretsen, 2024-01-24. This book uses sustainability to explore the interfaces between translation studies, the cultural history of knowledge and Science and Technology studies (STS). The volume examines various material, cultural and epistemic translation practices where sustainability serves as a boundary object between natural and cultural inquiry. By turning to the intellectual traditions that influenced but were left behind by STS and actor network theory (ANT), we aim to challenge and expand the Sociology of Translation developed in ANT. Concepts such as inscription, Derrida's actant, narrative, Greimas and world-worlding, Heidegger, Spivak were reemployed/translated in the canonical STS texts. What networks of meaning were left behind in this reemployment? The book showcases a combination of cultural and knowledge historical perspectives on the construction of the Sociology of Translation and practical experiments across the registers of nature and culture. It is novel. There have been brilliant individual attempts to realign the Sociology of Translation with narratives and modes of enunciation but none has related the Sociology of Translation to the networks and traditions which enabled it but to which it erased its relations and debts. This innovative work will appeal to scholars in translation studies, cultural studies, environmental humanities, medical humanities and Science and Technology studies. The Open Access version of this book is available at <http://www.taylorfrancis.com> and has been made available under a Creative Commons Attribution-NonCommercial-NoDerivatives (CC BY-NC-ND) 4.0 license.

*Cheap Modernism* Lise Jaillant, 2017-04-17. We often think of Mrs Dalloway or A Portrait of the Artist as a Young Man as difficult books originally published in small print runs for a handful of readers. But from the mid 1920s these texts and others were available in cheap format across Europe. Uniform series of reprints such as the Travellers Library, the Phoenix Library, Tauchnitz and Albatross sold modernism to a wide audience, thus transforming a little-read highbrow movement into a popular phenomenon. The expansion of the readership for modernism was not only vertical from high to low but also spatial since publisher's series were distributed within and outside metropolitan centres in Britain, continental Europe and elsewhere. Many non-English native speakers discovered texts by Joyce, Woolf and others in the original language, a fact that has rarely been mentioned in histories of modernism. Drawing on extensive work in neglected archives, *Cheap Modernism* will be of interest to all those who want to know how the new literature became a global commercial hit.
