Medical-Surgical Nursing - E-Book Donna D. Ignatavicius, M. Linda Workman, 2015-01-30 Using a unique collaborative care approach to adult health nursing Medical Surgical Nursing Patient Centered Collaborative Care 8th Edition covers the essential knowledge you need to succeed at the RN level of practice Easy to read content includes evidence based treatment

guidelines an enhanced focus on QSEN competencies and an emphasis on developing clinical judgment skills This edition continues the book's trendsetting tradition with increased LGBTQ content and a new Care of Transgender Patients chapter Written by nursing education experts Donna Ignatavicius and M Linda Workman this bestselling text also features NCLEX Exam style challenge questions to prepare you for success on the NCLEX Exam Cutting edge coverage of the latest trends in nursing practice and nursing education prepares you not just for today's nursing practice but also for tomorrow's Islam, Women's Sexuality and Patriarchy in Indonesia Irma Riyani, 2020-11-26 This book explores the intimate marital relationships of Indonesian Muslim married women As well as describing and analysing their sexual relationships the book also investigates how Islam influences discourses of sexuality in Indonesia and in particular how Islamic teachings affect Muslim married women's perceptions and behaviour in their sexual relationships with their husbands Based on extensive original research the book reveals that Muslim women perceive marriage as a social cultural and religious obligation that they need to fulfil that they realise that finding an ideal marriage partner is complicated with some having the opportunity for a long courtship and others barely knowing their partner prior to marriage and that there is a strong tendency with some exceptions for women to consider a sexual relationship in marriage as their duty and their husband's right Religious and cultural discourses justify and support this view and consider refusal a sin dosa or taboo pamali Both discourses emphasise obedience towards husbands in marriage *The Trend Management Toolkit* A. Kjaer, 2014-10-07 In a fast moving world businesses need to keep up with data analysis and pattern spotting to identify future opportunities Anne Lise Kjaer presents a unique methodology for global trend spotting along with practical tools and approaches to help companies and organizations analyse market changes and determine the way ahead *Queer Theory in Film & Fiction* Ernest N. Emenyonu, John C. Hawley, Patricia Thornton Emenyonu, Adé́léké Adé́kó, Obi Nwakanma, 2018 ALT 36 turns a queer eye on Africa offering provocative re-readings of texts to position formerly erased sexualities and contemporary sexual expression among Africans on the continent and abroad *Handbook Of The Sociology Of Youth In Brics Countries* Tom Dwyer, Mikhail K Gorshkov, Ishwar Modi, Chunling Li, Mokong S Mapadimeng, 2017-11-08 Youth are by definition the future This book brings initial analyses to bear on youth in the five BRICS countries Brazil Russia India China and South Africa which are home to nearly half of the world's youth Very little is known about these youth outside of their own countries since the mainstream views on youth and youth culture are derived from the available literature on youth in the industrialized West which is home to a small part of the world's youth This book aims to help fill in this gap The handbook examines the state of youth their past present and permits the development of insights about future The BRICS countries have all engaged in development processes and some remarkable improvements in young people's lives over recent decades are documented However the chapters also show that these gains can be undermined by instabilities poor decisions and external factors in those countries Periods of economic growth political progress cultural opening up and subsequent reversals rearticulate differently in each

society The future of youth is sharply impacted by recent transformations of economic political and social realities As new opportunities emerge and the influence of tradition on youth s lifestyles weakens and as their norms and values change the youth enter into conflict with dominant expectations and power structures The topics covered in the book include politics education health employment leisure Internet identities inequalities and demographics The chapters provide original insights into the development of the BRICS countries and place the varied mechanisms of youth development in context This handbook serves as a reference to those who are interested in having a better understanding of today s youth Readers will become acquainted with many issues that are faced today by young people and understand that through fertile dialogues and cooperation youth can play a role in shaping the future of the world Profit and Prejudice Paul Donovan,2020-11-05

Avoiding prejudice will be critical to economic success in the fourth industrial revolution It is not the new and innovative technology that will matter in the next decade but what we do with it Using technology properly with diverse decision making is the difference between success and failure in a changing world This will require putting the right person in the right job at the right time Prejudice stops that happening Profit and Prejudice takes us through the relationship between economic success and prejudice in labour markets It starts with the major changes that occur in periods of economic upheaval These changes tend to be unpopular and complex and complexity encourages people to turn to the simplistic arguments of scapegoat economics and prejudice Some of the changes of the fourth industrial revolution will help fight prejudice but some will make it far worse The more prejudice there is the harder it will be for companies and countries to profit from the changes ahead Profit is not the main argument against prejudice but can certainly help fight it This book tells a story of the damage that prejudice can do Using economics without jargon students investors and the public will be able to follow the narrative and see how prejudice can be opposed Prejudice is bad for business and the economy Profit and Prejudice explains why History of North America Map by Map DK,2024-09-24

Intracellular biomineralization in bacteria Damien Faivre, 2014-11-14 Bacteria can sequester metals and other ions intracellularly in various forms ranging from poorly ordered deposits to well ordered mineral crystals Magnetotactic bacteria provide one example of such intracellular deposits They synthesize intracellular magnetic minerals of magnetite Fe_3O_4 and or greigite Fe_3S_4 magnetosomes which are generally less than 150 nm and organized into one or multiple chain structures The magnetosome chain s act like a compass needle to facilitate the navigation of magnetotactic bacteria by using the Earth s magnetic field Due to their ubiquitous distribution in aquatic and sedimentary environments magnetotactic bacteria play important roles in global iron cycling Other intracellular mineral phases have been evidenced in bacteria such as As_2S_3 CaCO_3 CdS Se_0 or various metal phosphates which may play as well a significant role in the geochemical cycle of these elements However in contrast to magnetotactic bacteria the biological and environmental function of these particles remains a matter of debate In recent years such intracellularly biomineralizing bacteria have become an attractive model system for investigating the molecular mechanisms of organelle like structure formation in prokaryotic cells The geological significance of intracellular biomineralization is important spectacular examples are fossil magnetosomes that may significantly contribute to the bulk magnetization of sediments and act as potential archives of paleoenvironmental changes In addition intracellular mineral deposits formed by bacteria have potentially versatile applications in biotechnological and biomedical fields After more than four decades of research the knowledge on intracellularly biomineralizing bacteria has greatly improved The aim of this Research Topic is to highlight recent advances in our understanding of intracellular biomineralization by bacteria Magnetotactic bacteria are a system of choice for that topic but other intracellularly biomineralizing bacteria may bring a unique perspective on that process Research papers reviews perspectives and opinion papers on i the diversity and ecology of intracellularly biomineralizing bacteria ii the molecular mechanisms of intracellular biomineralization iii the chemo and magneto taxis behaviors of magnetotactic bacteria iv the involvement of intracellularly biomineralizing bacteria in local or global biogeochemical cycling v the paleoenvironmental reconstructions and paleomagnetic signals based on fossil magnetosomes vi and the applications of intracellular minerals in biomaterial and biotechnology were welcomed
