High School Biology Lab:

Labs of Our Own Sig / Sara Giordano, 2025-02-11 From climate change to COVID 19 to reproductive justice there has been deep political polarization around science *Labs of Our Own* provides a unique entry point into these twenty first century science wars by focusing on our affective relationships to science The book delves into various sites where scientists teachers artists and activists claim to create more democratic access to science from DIY biology community labs to feminist classrooms to activist science practitioners The reader will find that these claims for and attempts at democratic sciences not only impact what counts as science and who counts as a scientist but reconfigure who is included in the proper public Instead of arguing for a knee jerk defense of science against right wing attacks *Labs of Our Own* builds the case for a feminist antiracist decolonial queer science tinkering practice that intentionally politically and ethically acts to produce new challenges to the definition and boundaries of the human
