Clymer,2022-03-16 162 pages and more than 450 illustrations and charts size 8 25 x 10 75 inches This publication is a reproduction of the original Honda factory Workshop manual This group of twin cylinder Honda motorcycles began with the introduction of the 1959 to 1967 four speed 250cc CB72 and 305cc CB77 series A workshop manual for these earlier models can be found under ISBN 9781588500731 The models covered in this manual are the twin cylinder 1968 to 1973 five speed CB250 K0 K5 CL250 K0 K2 and the CB350 K0 K4 CL350 K0 K5 and SL350 K0 K2 Also included are the front disc brake CB250G and CB350G models Beginning in 1968 and extending through the 1975 model year the K suffix often but not always changed on an annual basis K0 was used to indicate the first model in the series with updated versions identified as K1 K2 K3 etc While the K number designations continued in use outside the USA through 1978 in September 1973 American Honda adopted a year identifier within the model number for example a CT70 76 would be a 1976 model Therefore while the use of the letter K suffix has become accepted practice to identify the progression of a particular model by year of production it can at times be misleading For example Honda occasionally identifies the 1968 models in the CB250 350 series as the CB250

CB350 without the use of the K0 suffix and sometimes bypasses the use of K1 for the 1969 models and jumps to K2 for the 1970 models Setting this potential for confusion aside and reverting to what has become generally accepted usage of the K suffix we can state that this manual covers the five speed K0 K1 K2 K3 K4 K5 and disc brake models of the CB250 CB350 and their variants from 1968 through 1973 Finally please note that the text in the original Honda Factory Workshop Manual was translated from Japanese into English Consequently some of the phrasing grammar punctuation and word usage may be subtly different from that commonly used in the English language However the information as presented is readily understandable In addition while we have done our best to identify any anomalies and errors that may have occurred during the original translation process we are certain that we will have missed one or two and we request your indulgence in ignoring them      Shop Manual Honda 250.350 Honda Giken Kogyo Kabushiki Kaishi.
