How To Hotwire An Atv:

Hotwire Alex Kava, 2011-07-12 In this thrilling installment of the New York Times bestselling series Special Agent Maggie O'Dell investigates the death of three teenagers only to find herself in the middle of a conspiracy involving biological warfare. On a crisp fall evening in western Nebraska two teenagers are seemingly electrocuted when their drug-fueled party turns into an explosive light show. While Maggie O'Dell tries to make sense of the witnesses' stories sifting through what is real and what is hallucination her friend Colonel Benjamin Platt is at the scene of a deadly outbreak that has infected children at a Virginia elementary school. Despite the miles that separate them the two cases collide when Maggie and Platt uncover a threatening conspiracy that was meant to stay hidden in the remote Midwestern landscape. Surviving the Storm Heather Woodhaven, 2015-08-04 HIGH STAKES REUNION After witnessing her boss's murder Aria Zimmerman isn't sure she'll make it to safety. She would already be dead if it weren't for her ex-boyfriend David McGuire. Now she and David are in a race for their lives on the rugged Oregon coast. If their enemies don't get them the elements will. With a lethal tsunami bearing down on them Aria has no time for regrets and little hope of reconciliation with her former love. Her only wish is that they live long enough to avenge an innocent man's death. Summit's Edge Sara Driscoll, 2024-11-26 FBI handler Meg Jennings and her K-9 partner Hawk vie to rescue plane crash survivors from a Colorado mountain and contend with a hijacker determined to stop them. For fans of harder-edged crime fiction by authors like Melinda Leigh, Kendra Elliot, Iris Johansen, and Robert Kraus, as long as there's hope of finding life, no mission is too dangerous for Meg Jennings and her colleagues in the FBI K-9 unit. But locating the wreckage of a hijacked private plane high in the Elk Mountains of Colorado is treacherous in a multitude of ways, some of them impossible for even a seasoned team to predict. The plane carrying the board of directors of Barron Pharmaceuticals crashed on a rocky peak and was cleaved in two. Perilous weather means the rescuers have to ascend on foot with their dogs unleashed in case of falls. It takes hours to locate the wreckage but miraculously Meg and Hawk find half a dozen passengers and crew still alive. The hijacker also survived and has fled into the wilderness with the CEO's son in pursuit. As soon as day breaks the K-9 teams set out to find both men and the dogs quickly pick up a scent trail. Meg has used her connections with an investigative reporter to learn as much as she can about the hijacker, hoping to use it when they apprehend him. But first they must contend with the mountain's savage fury and an adversary who will destroy as many lives as possible rather than face justice. Promise of Murder A.M. Holloway, 2021-08-01 Who tossed three dead young girls into a ditch on the side of a one-lane dirt road in south Georgia? And why? It's after midnight when a teenager peers into the ditch. He couldn't believe his eyes. Sheriff Jada Steele arrives at the scene of the gruesome discovery. She jumped into the ditch needing a closer look. Then she regretted it. The eyes of three dead young girls, tied, bound, and gagged, stared back at her.
