Howard Greenberg Collection:

Howard Greenberg Collection Howard Greenberg, Sam Stourdze, Agnès Sire, 2014 Howard Greenberg has been a gallery owner for more than 30 years and is considered one of the pillars of the New York photographic scene While he is well known as a dealer his private passion as a collector is now revealed for the first time to a larger public The Howard Greenberg Collection which has been carefully assembled over decades comprises around 500 photographs that distinguish themselves by their superb print quality This unique collection reflects Greenberg's diverse fields of interest ranging from the modern aesthetic approach of the 1920s and 1930s with the works of Edward Steichen Edward Weston and the Czech School to contemporary photographers such as Minor White Harry Callahan and Robert Frank A large part of the collection explores humanist photography represented among others by Lewis Hine David Seymour and Farm Security Administration photographers like Walker Evans and Dorothea Lange witnesses of the Great Depression of the 1930s More than anything Greenberg's collection illustrates New York's enormous influence on twentieth century photography dynamic architecture and urban life as seen in the photographs of Berenice Abbott Weegee and Lee Friedlander *Viewpoints* Kristen Gresh, Anne E. Havinga, 2019-10-08 Over the course of the twentieth century photography evolved as an art form while serving as an eyewitness to social cultural and political change This book presents some seventy five iconic images that came to define their times and explores the stories behind the moments they recorded and the photographers who captured them Among these beautifully reproduced images many from unique vintage prints are powerful visual testimonies of Depression era America politically engaged street photography definitive celebrity portraits celebrations of the performing arts harrowing visions of war and compelling depictions of the Civil Rights movement Drawing on the unparalleled Howard Greenberg Collection recently acquired by the Museum of Fine Arts Boston *Viewpoints* invites us to take a fresh look at celebrated photographs by such masters of the medium as Berenice Abbott Margaret Bourke White Robert Capa Henri Cartier Bresson Walker Evans Robert Frank Dorothea Lange Gordon Parks and Edward Steichen **Howard Greenberg Gallery (New York, N.Y.)** Howard Greenberg Gallery (New York, N.Y.), *On the Street and in the Studio* Howard Greenberg, 2016 The catalogue for a two part exhibition that presents more than sixty compelling photographs including prints by Eugène Atget and Berenice Abbott exploring major themes in modern photography donated by leading photography specialist and dealer Howard Greenberg *Vivian Maier* Pamela Bannos, 2017-10-05 Look's past the mystique of the eccentric nanny with a camera to tell the true Maier story An extraordinary work Library Journal Who was Vivian Maier Many know her as the reclusive Chicago nanny who wandered the city for decades constantly snapping photographs which were unseen until they were discovered in a seemingly abandoned storage locker They revealed her to be an inadvertent master of twentieth century American street photography Not long after the news broke that Maier had recently died and had no surviving relatives Soon the whole world knew about her preternatural work shooting her to stardom almost

overnight But as Pamela Bannos reveals in this meticulous biography this story of the nanny savant has blinded us to Maier's true achievements as well as her intentions Most important Bannos argues Maier was not a nanny who moonlighted as a photographer she was a photographer who supported herself as a nanny In *Vivian Maier: A Photographer's Life and Afterlife* Bannos contrasts Maier's life with the mythology that strangers mostly the men who've profited from her work have created around her absence She shows that Maier was extremely conscientious about how her work was developed printed and cropped even though she also made a clear choice never to display it She places Maier's fierce passion for privacy alongside the recent spread of her work around the world and explains Maier's careful adjustments of photographic technique while explaining how the photographs have been misconstrued or misidentified Bannos also uncovers new information about Maier's immediate family including her difficult brother Karl relatives once thought not to exist This authoritative biography shows that the real story of Vivian Maier a true visionary artist is even more compelling than the myth An excellent book that reads like a mystery novel Wonderful and engrossing Elizabeth Currid Halkett author of *Starstruck: The Business of Celebrity* It's a portrait as direct as any of Maier's and what a distinct pleasure it is to meet her gaze again *The New York Times* This book is by far the finest yet published on the artist I believe it will become a classic in the field *Art in America* Vivian Maier *Developed* Ann Marks, 2023-07-04 The definitive and authorized biography that unlocks the remarkable story of Vivian Maier the nanny who lived secretly as a world class photographer featuring nearly 400 of her images many never seen before placed for the first time in the context of her life Vivian Maier the photographer nanny whose work was famously discovered in a Chicago storage locker captured the imagination of the world with her masterful images and mysterious life Before posthumously skyrocketing to global fame she had so deeply buried her past that even the families she lived with knew little about her No one could relay where she was born or raised if she had parents or siblings if she enjoyed personal relationships why she took photographs and why she didn't share them with others Now the full story of her extraordinary life is explored by the only person who has been given access to her personal records and archive of 140 000 photographs Based on meticulous investigative research *Vivian Maier: Developed* reveals the story of a woman who fled from a family with a hidden history of illegitimacy bigamy parental rejection substance abuse violence and mental illness to live life on her own terms Left with a limited ability to disclose feelings and form relationships she expressed herself through photography creating a secret portfolio of pictures teeming with emotion authenticity and humanity With limitless resilience she knocked down every obstacle in her way determined to improve her lot in life and that of others by tirelessly advocating for the rights of workers women African Americans and Native Americans No one knew that behind the detached veneer was a profoundly intelligent empathetic and inspired woman a woman so creatively gifted that her body of work would become one of the greatest photographic discoveries of the century *The Great Parade* Pierre Théberge, Galeries Nationales du Grand Palais (Paris), National Gallery of Canada, 2004-01-01 A beautiful book that showcases how circus figures and artifacts have been

portrayed in art over the past two centuries The circus is a dazzling world filled with acrobats and harlequins tumblers and riders monsters and celestial creatures Now this engaging book sets that world in a new light examining how painters sculptors and photographers from the eighteenth century to the present have used the circus as a springboard for their imaginative expression and have envisioned the clown as a metaphor for the modern artist The book presents more than 175 works by such artists as Degas Toulouse Lautrec Rouault Picasso Chagall and L ger Some of these are masterful works shown for the first time these range from the 18 meter stage curtain Picasso designed in 1917 for Erik Satie s ballet Parade to more intimate works such as Nadar and Tournachon s photographs of Pierrot as played by celebrated mime Charles Debureau

Women Photographers and Feminist Aesthetics Claire Raymond, 2017-04-21 *Women Photographers and Feminist Aesthetics* makes the case for a feminist aesthetics in photography by analysing key works of twenty two women photographers including cis and trans woman photographers Claire Raymond provides close readings of key photographs spanning the history of photography from nineteenth century Europe to twenty first century Africa and Asia She offers original interpretations of well known photographers such as Diane Arbus Sally Mann and Carrie Mae Weems analysing their work in relation to gender class and race The book also pays close attention to the way in which indigenous North Americans have been represented through photography and the ways in which contemporary Native American women photographers respond to this history Developing the argument that through aesthetic force emerges the truly political the book moves beyond polarization of the aesthetic and the cultural Instead photographic works are read for their subversive political and cultural force as it emerges through the aesthetics of the image This book is ideal for students of Photography Art History Art and Visual Culture and Gender

Notable Americans of Czechoslovak Ancestry in Arts and Letters and in Education Miloslav Rechcigl Jr., 2021-11-02 As pointed out in my last two publications no comprehensive study has been undertaken about the American Learned Men and Women with Czechoslovak roots The aim of this work is to correct this glaring deficiency with the focus on immigration from the period of mass migration and beyond irrespective whether they were born in their European ancestral homes or whether they have descended from them Whereas in the two mentioned monographs the emphasis has been on scholars and social and natural scientists and men and women in medicine applied sciences and engineering respectively the present compendium deals with notable Americans of Czechoslovak ancestry in arts and letters and in education With respect to women although most professional fields were closed to them through much of the nineteenth century the area of arts and letters was opened to them as noted earlier and as this compendium authenticates

Pascal, 2005-12-02 Jacob Riis 1849 1914 was born in Denmark and emigrated to America at the age of 21 After several years of poverty he found work as a police reporter which took him into the worst of New York s ghettos and tenements Appalled by the conditions he found there he began to use the primitive new flash technology to photograph the dark places that had never before been so graphically exposed The resulting book *How the Other Half Lives* brought to life an entire reform movement Riis was a staunch ally in the young Theodore Roosevelt s battle to reform the New York police breaking the brutal system of corruption and graft that had prevented the possibility of any real change in poor neighborhoods Riis s

activism involved him in such vital current controversies as hostility toward immigration the growing gulf between rich and poor the relative importance of heredity and environment the need for adequate public schools conflicts between social reform and personal freedom and police brutality But at the same time his life raises some thought provoking moral questions because his compassion was flawed by an underlying prejudice his writings are marred by a clear underlying conviction of the superiority of white Protestants and he speaks with condescension and occasional scorn of other races and religions He remained an active reformer all his life founding a settlement house writing several more books most notably *The Children of the Poor* and maintaining a taxing schedule of lecture tours This biography includes a picture essay of Riis photographs as well as 35 black and white illustrations a chronology further reading and an index Oxford Portraits are informative and insightful biographies of people whose lives shaped their times and continue to influence ours Based on the most recent scholarship they draw heavily on primary sources including writings by and about their subjects Each book is illustrated with a wealth of photographs documents memorabilia framing the personality and achievements of its subject against the backdrop of history

The Art of Mystery Maud Casey, 2018-01-02 The idea of mystery in fiction is a subject as elusive as a whispered invitation a siren song a flickering light in the distance Maud Casey reaches beyond the usual tool kit of fictional elements in pursuit of the ethereal and uncanny to ask Where does mystery reside in a work of fiction From Shirley Jackson to Paul Yoon from spirit photography to the radical nature of empathy Casey looks at how mystery is created and in space of uncertainty and unknowing searches for questions rather than answers Provided by publisher
