

RHODE ISLAND
DEPARTMENT OF ENVIRONMENTAL MANAGEMENT
OFFICE OF WATER RESOURCES
235 Promenade Street, Providence, Rhode Island 02908-5767

Water Quality Certification
Application Instructions and Required Enclosures

INSTRUCTIONS

1. All applicable sections of the application form must be completed and signed as indicated.
2. The Water Quality Certification (WQC)/Stormwater (WQC/SW) application form must be submitted with all supporting documents, studies, reports or additional information where required and applicable.
3. If the proposed project requires a State WQC (not 401) and is being submitted in association with another Department-issued permit (i.e. Freshwater Wetlands (FWW), Rhode Island Pollution Discharge Elimination System (RIPDES) (non-Construction General Permit (CGP))) which has primacy in accordance with the Rhode Island Water Quality Regulations (250-RICR-150-05-1), then the WQC application and permitting requirements will be satisfied under those respective programs. *NOTE: If there is a stormwater or floodplain component to any application the WQC/SW application must be filled out and submitted as well.*
4. If the proposed project requires a Federal 401 WQC for a Federal permit that is not already covered by an existing General Permit (such as the RI General Permit issued by the Army Corps of Engineers (ACOE)) then a WQC application and accompanying materials must be submitted directly to the WQC Program, even if another Department-issued permit is required (i.e. if a Federal 401 WQC and a FWW permit are required, a separate application and fee must be submitted to each program). Such Federal Permits may include, but are not limited to:
 - Discharge of dredged or fill material under Section 404 of the Clean Water Act that will require an Individual Permit application to the ACOE;
 - Federal Energy Regulatory Commission (FERC) licenses for hydropower or pipeline projects;
 - Rivers & Harbors Section 9 and 10 Permits

REQUIRED ENCLOSURES FOR WQC APPLICATIONS:

1. Site plans (minimum one set) which include both existing and proposed project conditions.
2. A project narrative describing the scope of work and the anticipated water quality impacts resulting from the entire project.
3. A list of direct abutting property owners including current mailing addresses (if applicable).
4. Any additional items outlined below:
 - A) Site Plan Requirements:
 1. All plans must be drawn to scale (not to exceed 1" = 100').
 2. All plans must be at least 8-1/2" x 11" in size and shall not exceed 24"x36" unless requested.
