### SPECIAL CORD SET INSTRUCTIONS

2. An extension cord may be purchased and used if care is exercised in its use.
3. If an extension cord is used, the marked electrical rating of the extension cord must be at least 10 amps and 120 volts. The resulting extension cord must be arranged so that it will not drape over a countertop or tabletop where it can be pulled on by children or tripped over accidentally.

If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Do not modify the plug in any way.

You can customize the length of the power cord so that it is the exact length you desire. To increase the length of the power cord: grasp the power cord (near the bottom where the cord enters the plug) and pull it out of the plug. Then pull it out of the plug and pull it out of the plug.

**Body Geographic** Barrie Jean Borich, 2019-05-15 A memoir from the award-winning author of *My Lesbian Husband*, Barrie Jean Borich's *Body Geographic* turns personal history into an inspired reflection on the points where place and person intersect, where running away meets running toward, and where dislocation means finding oneself. One coordinate of Borich's story is Chicago, the prototypical Great Lakes port city built by immigrants like her great grandfather Big Petar, and the other is her own port of immigration, Minneapolis. The combined skylines of these two cities tattooed on Borich's own back. Between Chicago and Minneapolis, Borich maps her own Midwest, a true heartland in which she measures the distance between the dreams and realities of her own life, her family's, and her fellow travelers in the endless American migration. Covering rough terrain from the hardships of her immigrant ancestors to the travails of her often drunk young self longing to be madly awake in the world, from the changing demographics of midwestern cities to the personal transformations of coming out and living as a lesbian, *Body Geographic* is cartography of high literary order, plotting routes real and imagined and putting an alternate landscape on the map.
