Liability Insurance in International Arbitration Richard Jacobs QC, Lorelie S Masters, Paul Stanley QC, 2011-01-13 JOINT WINNER OF THE BRITISH INSURANCE LAW ASSOCIATION BOOK PRIZE 2012 This is the second revised edition of what has become and was described by the English Court of Appeal in C v D as the standard work on Bermuda Form excess insurance policies The Form first used in the 1980s covers liabilities for catastrophes such as serious explosions or mass tort litigation and is now widely used by insurance companies It is unusual in that it includes a clause requiring disputes to be arbitrated under English procedural rules in London but surprisingly subject to New York substantive law This calls for a rare mix of knowledge and experience on the part of the lawyers involved each of whom will also be required to confront the many differences between English and US legal culture A related feature of the Form is that the awards of arbitrators are confidential and not subject to the scrutiny of the courts Therefore while many lawyers have been involved in litigating on the Bermuda Form their knowledge remains locked away The Bermuda Form is thus not well understood a situation not helped by the lack of publications dealing with it Accordingly those required to deal with the Form

professionally are confronted with a lengthy and complex document but with very little to aid their understanding of it This unique and comprehensive work offers a detailed commentary on how the Form is to be construed its coverage the substantive law to be applied the limits of liability exceptions and of course the procedures to be followed during arbitration proceedings in London This is a book which will prove invaluable to lawyers risk managers and executives of companies which purchase insurance on the Bermuda Form and clients lawyers or arbitrators involved in disputes arising therefrom deserves to be in the library of anyone who is or is contemplating becoming a party to a Bermuda Form arbitration The authors whom we have been associated with in some cases and opposed in others have a wealth of experience with the Bermuda Form and the ability to share that experience with their readers in a clear and engaging style From the foreword by Thomas R Newman and Bernard Eder QC The Mortgagees' Guide Home Mortgage Insurance Fiscal Instructions United States.
