threatening William an outspoken person with a significant disability How will they respond to posturing state politicians using persons with disabilities as bargaining chips with potentially dire consequences How will they react to well meaning but not always well informed government officials pushing quick fixes Against such opposition can they create their own life supported by their local disability rights and Christian faith communities Girded by a local Christian congregation s willingness to engage with this nontraditional couple their faith is tested and grows stronger through much adversity Faith filled acts of mercy and grace and active and meaningful participation provide restoration on their arduous journey Deepening their relationship with God results in a desire for a Christian marriage Through a series of vignettes several deeply human themes are explored developing enduring relationships standing up for one s rights and advocating for one s needs and what it means to growing deeply in love with a faithful God while tribulations abound Through sheer grit they model for each of us how to create our own lives our own way *Etude* Theodore Presser,1886 Includes music
