**Military Police Working Dogs** U.S. Army, 1977-02-18 Army FM 19-35 This 1977 field manual provides a comprehensive overview of the use and training of dogs for military police work. Covering both Scout dogs, Patrol dogs, Sentry and Narcotics detection dogs, it clearly outlines the specific tasks, roles, and training techniques to employ dogs in a police or squad support role. The manual goes in depth on a variety of topics such as Basic Advanced detection training, Tracking, Building and Area searches, Sentry employment considerations, and Evaluation Procedures. It will be of interest to anyone utilizing a dog for law enforcement as a dog trainer or handler. *Manuals Combined: Military Working Dog Handler Medical and Doctrine Presentations And Manuals*, Over 3 200 total slides and pages. INTRODUCTION Dogs have served in active service at the sides of their handlers for decades. They have been heroes showing bravery under fire, saving lives, often losing their own, and bringing comfort to the injured and infirmed. The first recorded American use of military dogs was during the Seminole War of 1835 and again in 1842 in Florida and Louisiana the Army used Cuban bred bloodhounds for tracking. During the US Civil War dogs were used as messengers, guards, and unit mascots. The Army Quartermaster Corps began the US Armed Forces first war dog training during World War II. By 1945 they had trained almost 10 000 war dogs for the Army, Navy, Marine Corps, and Coast Guard. Fifteen war dog platoons served overseas in World War II. Seven platoons saw service in Europe and eight in the Pacific. MWDs were trained at Fort Carson, Colorado, organized into scout dog platoons, and used in the Korean conflict for sentry duty and support of combat patrols. In 1957 MWD training moved to Lackland Air Force base, LAFB Texas, with the Air Force managing the program. Throughout the Vietnam Conflict the Military Police Corps used dogs with considerable success. Most of these were sentry dogs used to safeguard critical installations such as ports and airfields. A new dimension in canine utilization was realized when marijuana detector dog teams were trained and deployed to assist military police in suppressing illicit drug traffic. Sentry and marijuana detector dog teams were then deployed worldwide in support of military police. An important outgrowth of the conflict was the development of canine research and development efforts. These ongoing efforts were able to initiate the first steps toward developing a more intelligent and stronger military dog training dogs to detect specific drugs and explosives, developing multiple purpose dogs, and employing tactical dogs by electronic remote control. In the 1990s and early 2000s MWDs were deployed around the globe in military operations such as Just Cause, Desert Shield, and Desert Storm, Uphold Democracy, and Enduring Freedom, and Iraqi Freedom. These teams were effectively utilized to enhance the security of critical facilities and areas as well as bolster force protection and antiterrorism missions, allowing commanders to use military police. S. Department Of The Army, U. S. Army Military Police School, Army Training and Doctrine Command, 2005-07 The last Army dog field manual FM was published in 1977 It reflected military working dog MWD doctrine developed during the Vietnam era Although useful at that time much of the information has since become obsolete Today MWD teams are employed in dynamic ways never before imagined Today s MWD team is a highly deployable capability that commanders have used around the world from Afghanistan to Africa and from the Balkans to Iraq These specialized teams aid commanders in stability and support operations as well as in warfighting Being modular and mobile makes these teams very agile As situations dictate MWD teams are quick to arrive and able to conduct various operations Their versatility allows for effective transformation at all echelons among readiness for deployment and operations on the ground through redeployment and back to readiness The highly aggressive dog tactics of the 1960s and 1970s are long gone Today s MWD program effectively employs expertly trained and motivated handlers coupled with highly intelligent breeds of dogs These teams are continuously rotating between their assigned duties and deployments worldwide to perform joint operations multi echelon tasks and interagency missions This FM addresses the current capabilities of the Military Police Working Dog Program as well as the potential for future applications As technology and world situations change the MWD team will continue the transformation process and give commanders the full spectrum capabilities needed to be combat multipliers on the battlefield as well as persuasive force protection and antiterrorism assets **Military Working Dogs** United States.
