Night Brigade has been Nomad's strategy for years. Staying one or two steps ahead of his pursuers by skipping through the Cosmere from one world to the next. But now his powers too depleted to escape, Nomad finds himself trapped on Canticale, a planet that will kill anyone who doesn't keep moving. Fleeing the fires of a sunrise that melts the very stones, he is instantly caught up in the struggle between a heartless tyrant and the brave rebels who defy him. Failure means a quick death incinerated by the sun or a lifetime as a mindless slave. Tormented by the consequences of his past, Nomad must fight not only for his survival but also for his very soul.

Note from Brandon: I sincerely believe that books don't live until they're read. While I would write even if no one were reading it, I thrive because I know the stories are being brought to life by all of you. In these stories are a special kind of art, particularly when written down. Each of you will imagine this book and its characters a little differently; you will each put your own stamp on it, making it yours. I don't believe a story is quite finished until that has happened until the dream in my head has become a reality, even if briefly in yours. And so this book is yours as they all are once you read them. Thank you so much for bringing life to my work and to the Cosmere.

The Frugal Wizard's Handbook for Surviving Medieval England Brandon Sanderson, 2023-04-11. From 1 New York Times bestselling author Brandon Sanderson, creator of the smash-hit science fiction and fantasy series *Skyward*, *The Stormlight Archive*, and *Mistborn*, comes a new science fiction adventure. A man awakens in a clearing in what appears to be medieval England with no memory of who he is, where he came from, or why he is there. Chased by a group from his own time, his sole hope for survival lies in regaining his missing memories, making allies among the locals, and perhaps even trusting in their superstitious boasts. His only help from the real world should have been a guidebook entitled *The Frugal Wizard's Handbook for Surviving Medieval England*, except his copy exploded during transit. The few fragments he managed to save provide clues to his situation, but can he figure them out in time to survive?

Note from

Brandon Sometimes an idea just won't let go of you for years The initial seed of this novel was the title that eventually turned into The Frugal Wizard's Handbook for Surviving Medieval England At first there was no story to go with that title but I wrote it down and kept coming back to it wondering what that book could possibly be about Something else I thought about off and on for years was the classic concept of a man waking up in another time and another place with no idea how he got there It was when those two ideas came together and I placed a book with that title into that man's hands that this novel was born I hope you'll have as much fun with it as I did
