

JANUARY ... DOES IT BRING YOU JOY?

- 1 January is the time for renewal on many fronts. It's the time of the year to re-evaluate everything. If something or someone doesn't bring you joy, it's pretty pointless carrying on with it. If we want the best, we must do our best. We must keep our family space safe and secure so that we are thriving as a people and as a nation. 5
- 2 In order to live their best lives, people are spreading themselves thinner and thinner with multiple streams of income. In the process we earn more but live less, we lose our focus of what is important.
- 3 With social media, keeping up with other Instagrammers are having a devastating effect on self-perception. Everything appears to be real perfect, but the fabric of our society is frazzled. Use January to take stock and start navigating new ways of doing things. Instead of multiple streams of sole sessions, travel more, and connect with people and places that bring you joy. 10

Norms and Illegality Walter E. Little, Cristiana Panella, 2021-05-06 Norms and Illegality Intimate Ethnographies and Politics explores liminal and illegal practices in relation to political control and cultural normativity The contributors draw on years of ethnographic experiences in Greece Guatemala Hong Kong Italy Madagascar Mali Philippines and Thailand to study the contradictions of what is legal and illegal They explore the production of illegal subjects by the state the creation of illegal and normative values by liminal and illegal actors and the mutual entanglements of legal and illegal in the public domains of markets and trade networks This volume shows that criminalization policies are not necessarily oriented toward erasing crime Instead the contributors maintain that opaque spaces ensure the efficacy of control and outwardly conform to the rhetoric and ethics of global neoliberalism Within these contexts the contributors shed light on moral economies and frames of value entailed in systems of representation that have been set up by individuals who are deemed illegal liminal or deviant in their confrontations with the state This book is recommended for students and scholars of anthropology political science and urban studies

Dominant Language Constellations Joseph Lo Bianco, Larissa Aronin, 2020-09-07 This volume is dedicated to the concept and several applications of Dominant Language Constellations DLC by which it advances understanding of current multilingualism through addition of a novel perspective from which to view contemporary language use and acquisition The term Dominant Language Constellation denotes the set of a person's or group's most expedient languages functioning as an entire unit and enabling an individual or group to meet their needs in a multilingual environment The volume presents pioneering contributions that employ DLC as the lens for analysing a wide

array of issues These include multilingual syntactic development cross linguistic interaction and multilingual production in formal and informal educational contexts as well as linguistic profiles of multilingual groups used in elementary school and higher education Other DLC issues include discussions of how identity emotions and attitudes operate in various minority and majority contexts Because the DLC concept does not assume any inherent hierarchy of languages it can serve as a framework public policy in multilingual countries communities faced with challenging policy determinations regarding choice of languages for use in education settings and more widely in social institutions and the economy Some chapters develop and extend the DLC concept others adapt and apply it to a variety of contexts both global and local Many chapters feature educational and social settings across large parts of the world Africa Australia Europe North America Canada and the USA and Southeast Asia The volume can serve as supplementary reading for courses on multilingualism sociolinguistics language policy and planning educational linguistics Second and Third Language Acquisition Italian Literature since 1900 in English Translation Robin Healey, 2019-03-14 Providing the most complete record possible of texts by Italian writers active after 1900 this annotated bibliography covers over 4 800 distinct editions of writings by some 1 700 Italian authors Many entries are accompanied by useful notes that provide information on the authors works translators and the reception of the translations This book includes the works of Pirandello Calvino Eco and more recently Andrea Camilleri and Valerio Manfredi Together with Robin Healey s Italian Literature before 1900 in English Translation also published by University of Toronto Press in 2011 this volume makes comprehensive information on translations from Italian accessible for schools libraries and those interested in comparative literature **The Routledge International Handbook of Language Education Policy in Asia** Andy Kirkpatrick, Anthony J. Chinese Media in Africa Emeka Umejei, 2020-07-23 Chinese Media in Africa Perception Performance and Paradox analyzes the debate on Chinese media expansion in Africa and its implication for the African media landscape by engaging with African journalists who train and work in Chinese media organizations based in Africa Emeka Umejei analyzes how African journalists that enter the sphere of Chinese media often with libertarian notions

of journalism are able to navigate the collisions and collusions that inform journalism in these settings Through extensive interviews with African journalists Umejei explores the constant negotiation of freedoms including the ability to always work in relation to African reality within state controlled media organizations These interviews bring to light the paradoxical nature of Chinese media organizations that both preach equality with Africa and simultaneously promote Chinese hegemony in the media highlighting the diverse contours that shape and influence journalism practices in these settings Scholars of journalism media studies African studies international relations and sociology will find this book particularly useful

Negative/Positive Geoffrey Batchen, 2020-12-21 As its title suggests Negative Positive begins with the negative a foundational element of analog photography that is nonetheless usually ignored and uses this to tell a representative rather than comprehensive history of the medium The fact that a photograph is split between negative and positive manifestations means that its identity is always simultaneously divided and multiplied The interaction of these two components was often spread out over time and space and could involve more than one person giving photography the capacity to produce multiple copies of a given image and for that image to have many different looks sizes and makers This book traces these complications for canonical images by such figures as William Henry Fox Talbot Kusakabe Kimbei Dorothea Lange Man Ray Seydou Ke ta Richard Avedon and Andreas Gursky But it also considers a number of related issues crucial to any understanding of photography from the business practices of professional photographers to the repetition of pose and setting that is so central to certain familiar photographic genres Ranging from the daguerreotype to the digital image the end result is a kind of little history of photography partial and episodic but no less significant a rendition of the photographic experience for being so This book represents a summation of Batchen s work to date making it be essential reading for students and scholars of photography and for all those interested in the history of the medium **Daily Graphic** I.K.

Nkrumah, 1976-02-27 **50 Inventions that Shaped the Modern Economy** Tim Harford, 2017 Fifty Inventions That Shaped the Modern Economy paints an epic picture of change in an intimate way by telling the stories of the tools people and ideas that had far reaching consequences for all of us From the plough to artificial intelligence from Gillette s disposable razor to IKEA s Billy bookcase bestselling author and Financial Times columnist Tim Harford recounts each invention s own curious surprising and memorable story **Trump: The Chosen One** Bruce Fine, Hank Lewin, 2020-06-15 With the threat of calling out the United States military to dominate US citizens in peaceful protest Donald Trump has shown America his true autocratic tendencies and desire to rule this nation with an iron fist For all those concerned with the safeguarding of our democracy you should read this book Trump The Chosen One explores the seduction of the Christian Right by Donald Trump preying on fears and prejudices to create false narratives and controversies promoting an agenda of division obfuscation and misdirection within our nation This book shreds the moral and ethical reasoning of that large part of the Christian Right s unwavering support for a president whose actions show disdain for moral standards We explore the danger of allowing a

fanatical religious ideology to weave its way into the fabric of our political system threatening our democracy. We draw a connection through the hypocrisy of the religious right, income and wealth inequality, foreign policy, climate change, and the systematic dismantling of political, judicial, and governmental institutions. We rely on a foundational American principle to frame the first three years of the Trump administration to reveal how this president's stance on global warming and steadfast support for fossil fuels places him in lockstep with Vladimir Putin and other tyrannical leaders. This book questions Trump's appeal to people of faith who should be alarmed at the president's lack of a moral compass as well as civic-minded republicans who no longer recognize today's GOP. It is an alarm to all those who are concerned with the preservation of our democracy, who are concerned with our environment, the relationship between faith and politics, Constitutional history, economic and tax policy.

The Critique of Bioethical Principlism in Contrast to an African Approach to Bioethics Jude Thaddaeus Buyondo, 2024-08-16. Though some argue that bioethics in the Black African world is simply a reflection of the Western approach to bioethics, this work suggests otherwise. While the Western approach to bioethical principlism claims to offer an absolute approach to bioethics in a universalized common morality, this book argues that bioethical principlism can be complemented with African approaches to bioethics. Western principlism as primarily presented by Thomas L. Beauchamp and James F. Childress can hardly be incarnated in the African context of bioethical problems unless it is complemented by a contextual normative understanding of African social realities. Realities that themselves must be enriched by bioethical principlism. Without claiming to offer the last word on intercultural bioethics or disputing which bioethical approaches deserve prioritization, the work interactively relies on ordinary moral experiences that are practically visible in lived social realities as well as the community realities surrounding Africans south of the Sahara. Prescriptively, in order to not simply promote life but to do so fully, the African ethical system supports an integral community life by continuously promoting the norm of solidarity, continued vitality, and the hierarchization of life within the corporate community, which the individual must not blindly follow but responsibly interact with without her identity, freedom, and conscience being crushed.

Managing the Development of Digital Marketplaces in Asia Asian Development Bank, 2021-12-01. The coronavirus disease COVID-19 pandemic is accelerating digital transformation across Asia and the Pacific. Digital platforms have become prominent intermediaries or marketplaces that allow the exchange of goods, services, and information.
