

**QUESTION 5: USING LANGUAGE CORRECTLY**

Read TEXT F, which contains some deliberate errors, and answer the set questions.

**TEXT F****THIS IS WHAT 'ADULTING' MEANS**

- |   |   |    |
|---|---|----|
| 1 | English speakers love to turn nouns into verbs. There was rain before it rained. There was Google before we googled. And there were adults before we adulted.   |    |
| 2 | The linguistics journal <i>American Speech</i> has offered these definitions of the verb 'adult': to behave in an adult manner; to make someone behave as an adult. This noun that has been turned into a verb has been turned back into a noun, the form of an activity known as adulting. | 5  |
| 3 | 'The millennials,' said a lexicographer at dictionary.com, 'are going through life stages that other generations have gone through much later in life, like starting families and owning homes.' The age of first-time mothers is indeed at a histrionic high of 26.                        | 10 |
| 4 | And so this jokey way of describing one's engagement in adult behaviours – whether it is filing your taxes, buying your first lawnmower or being someone's boss – can help millennials concede and admit that transition.   |    |
| 5 | Depending on the person and their listeners, different motivations may drive the 'adulting' experience. The disinterested millennials may wish to imply that they're so young and hip that it is laughable for them to be, say, ironing serviettes before a dinner party.                   | 15 |
