and cinematic archives and splices disparate music together exceedingly well known music loses its previous associations and acquires an infinite new constellation of meanings in his films Drawing on Claude L vi Strauss s concept of bricolage Biancorosso contends that Wong s borrowing is akin to a practice of creative destruction in which Wong becomes a bricoleur who remixes music at hand to create new and complete self sustaining statements By outlining Wong s modus operandi of indiscriminate borrowing and remixing Biancorosso prompts readers to reconsider the significance of transforming preexisting music into new compositions for film and beyond
