of Cambridge James Bass Mullinger, 1873 **Writing for Justice** Elena Mortara, 2015-10-22 In *Writing for Justice* Elena Mortara presents a richly layered study of the cultural and intellectual atmosphere of mid nineteenth century Europe and the United States through close readings of the life and work of Victor Séjour an expat American Creole from New Orleans living in Paris In addition to writing *The Mulatto* an early story on slavery in Saint Domingue Séjour penned *La Tireuse de cartes* *The Fortune Teller* 1859 a popular play based on the famed Mortara case In this historical incident Pope Pius IX kidnapped Edgardo Mortara the child of a Jewish family living in the Papal States The details of the play's production and its reception on both sides of the Atlantic are intertwined with the events of the Italian Risorgimento and of pre Civil War America *Writing for Justice* is full of surprising encounters with French and American writers and historical figures including Hugo Hawthorne Twain Napoleon III Garibaldi and Lincoln As Elena Mortara passionately argues the enormous amount of public attention received by the case reveals an era of underappreciated transatlantic intellectual exchange in which an African American writer used notions of emancipation in religious as well as racial terms linking the plight of blacks in America to that of Jews in Europe and to the larger battles for freedom and nationhood advancing across the continent This book will appeal both to general readers and to scholars including historians literary critics and specialists in African American studies Jewish Catholic or religious studies multilingual American literature francophone literature theatrical life nineteenth century European politics and cross cultural encounters *Versification* Frog, Satu Grünthal, Kati Kallio, Jarkko Niemi, 2021-12-24 *Versification* describes the marriage of language and poetic form through which poetry is produced Formal principles such as metre alliteration rhyme or parallelism take precedence over syntax and prosody resulting in expressions becoming organised as verse rather than prose The aesthetic appeal of poetry is often linked to the potential for this process to seem mysterious or almost magical not to mention the interplay of particular expressions with forms and expectations The dynamics of versification thus draw a general interest for everyone from enthusiasts of poetry or forms of verbal art to researchers of folklore ethnomusicology linguistics literature philology and more The authors of the works in the present volume explore versification from a variety of angles and in diverse cultural milieus The focus is on metrics in practice meaning that the authors concentrate not so much on the analysis of the metrical systems per se as on the ways that metres are used and varied in performance by individual poets and in relationship to language **Books on Health as Related to the School Child ...** New York State Library, 1917 **The Story of Ireland** Alexander Martin Sullivan, 1867 *Blood and Money* David McNally, 2020-05-05 The history of money and its violent and oppressive origins from slavery to war by the author of *Global Slump* In most accounts of the origins of money we are offered pleasant tales in which it arises to the mutual benefit of all parties as a result of barter But in this groundbreaking study David McNally reveals the true story of money's origins and development as one of violence and human bondage Money's emergence and its transformation are shown to be intimately connected to the buying and selling of slaves and the waging of war *Blood and Money* demonstrates the ways that

money has internalized its violent origins making clear that it has become a concentrated force of social power and domination Where Adam Smith observed that monetary wealth represents command over labor this paradigm shifting book amends his view to define money as comprising the command over persons and their bodies This fascinating and informative study rich in novel insights treats money not as an abstraction from its social base but as deeply embedded in its essential functions and origins in brutal violence and harsh oppression Noam Chomsky A fine grained historical analysis of the interconnection between war enslavement finance and money from classical times to present Jeff Noonan author of *The Troubles of Democracy* McNally casts an unsparing light on the origins of money and capitalism itself in this scathing Marxist informed account McNally builds a powerful richly documented argument that unchecked capitalism prioritizes greed and violence over compassion T his searing academic treatise makes a convincing case Publishers Weekly (In)*Hospitable Encounters in Chicanx and Latinx Literature, Culture, and Thought* Maria Antònia Oliver-Rotger,Pere Gifra-Adroher,2024-10-17 This volume addresses the notion of in hospitality in the culture literature and thought of Chicanx and Latinx in the United States It underscores those stranger others against whom nativist fear and state violence are directed undocumented migrants refugees and asylum seekers Critical analyses focus on the topics of immigration and state violence hospitality in written and visual narratives and the role of hospitality in the translation of academic and literary works All essays explore the conditional character of hospitality towards Chicanx and Latinx and its attending myths and discourses Dwelling on the predicament that individuals and groups face as strangers unwelcome guests and unwilling hosts the essays also explore the ways in which Chicanx and Latinx writers artists and filmmakers may or may not challenge the guest host relationship The ethical concern that runs through the volume considers material history and the institutional disciplinary regulation of the uncertainty of hospitality acts as factors determining the narratives about foreign others **Sir Henry Maine, a brief memoir of his life, by sir M.E.
