Understanding and Teaching Primary Geography Simon Catling, Tessa Willy, 2018-06-18 This book outlines how good teaching of primary geography can extend children's world awareness and help them make connections between their environmental and geographical experiences. Chapters offer guidance on important learning and teaching issues as well as the use and creation of resources from the school environment to the global context. It covers all the key topics in primary geography including understanding places, physical and human geography, environmental sustainability, learning outside the classroom, global issues, citizenship and social justice. Early Childhood Language Education and Literacy Practices in Ethiopia Kassahun Weldemariam, Margareth Sandvik, Moges Yigezu, 2023-10-30. This edited volume explores how indigenous knowledges and practices can be instrumental in improving literacy outcomes and teacher development practices in Ethiopia, aiding children's long-term reading and learning outcomes. The chapters present research from a collaborative project between Ethiopia and Norway and demonstrate how students can be supported to think pragmatically, learn critically and be in possession of the citizenship skills necessary to thrive in a multilingual world. The authors celebrate multilingualism and bring indigenous traditions such as oracy, storytelling, folktales to the fore, revealing their positive impact on educational attainment. Addressing issues of language diversity and systematic ignorance of indigenous literacy practices, the book plays a necessary role in introducing Ethiopia's cultural heritage to the West and hence bridges the cultural gaps between the global north and global south. Arguably contributing one of the first publications on early literacy in Ethiopian languages, this

book will appeal to scholars researchers and postgraduate students studying the fields of early years literacy and language indigenous knowledge and applied linguistics more broadly The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license
