One Life Abdul Qayum Safi, 2022-06-10 I was born in the mountainous remote district of Pech Kunar Province in eastern Afghanistan before it became known as the Valley of Death during decades of relentless wars As the oldest of ten children encumbered by the constant threat of fatal disease due to a lack of sanitation and clean water as well as an ongoing struggle to attain a good education we were forced to survive on very little while growing up in the extremely traditional and conservative Pashtun tribal society I was exposed early on to discrimination the demands of tribal loyalty and the challenges of self sufficiency and responsibility These themes permeated every facet of my upbringing and form the cornerstones of my memoir Even though I never dreamed that I would have the opportunity to leave the confines of my village and venture out to major cities inside my country a combination of intention hope and luck allowed me to cross the borders of my native land into a wider world which enabled me to find a better life and help for my family members who remained back home My story is one of many hardships ups and downs and volatile twists and turns but it has turned out well so far I see myself now as a person who was swept away by a storm and barely held on to the things that ensured survival I have faced moments of danger quite a few times but emerged from them relatively unscathed primarily because of support from my immediate family and relatives As a young boy newly graduated from elementary school I traveled alone to Kabul where I knew no one I look upon those days as an uncharted journey through alien territory during which I repeatedly relied on my ability to persevere work hard adapt to new circumstances and succeed without sacrificing my heritage and all that it means to me An Afghan Remembers embraces these obstacles and presents them in a transparent light My memoir offers a menu of ingredients for living a life of purpose passion and optimism The central message of my inspiring story will allow readers to come away with the understanding that life is short power is a fickle thing and you never know what's around the corner Most important and this should never get old is remembering that America is a nation built on opportunity and optimism which was the case two hundred years ago and still holds true today Inspired by the Pashto saying No matter where a person goes he always comes back to the children of his ancestors any profits from sales of my book will benefit a high school for girls in Khas Kunar Kunar Afghanistan
