

**4.5 Comment on the liquidity position of the company. Quote THREE relevant financial indicators (actual figures/ratios/percentages) and their trends.**

Any THREE valid financial indicators:

Name of financial indicator	✓	✓	✓
Figure and trend	✓	✓	✓

- Current ratio: 3,6 : 1 → 1,6 : 1 / decreased to 1,6 : 1
- Acid test ratio: 3,1 : 1 → 1,2 : 1 / decreased to 1,2 : 1
- Stock turnover rate: 5,1 → 6,8 times p.a / increased to 6,8 times
- Debtors' collection period: 35 → 40 days / increased to 40 days

**General comment:** For 3 marks (need only mention 3 indicators):

The liquidity has generally improved. The current ratio and acid-test ratio were too high in 2013. They are now much more efficient in 2014. The stock is now being sold more quickly which will generate greater profit. However the debtors are paying slightly more slowly – this trend must be rectified next year.

One valid point per indicator **OR** 3 marks for overall comment:  
Excellent answer = 3 marks; Good = 2; Poor = 1; Incorrect = 0  
Increases/decreases are not a comment – these are trends  
Comment would be on improvement or not / efficiency

Expected responses for 1 mark each:

- The current ratio improved / was possibly too high in 2013 / cash was too high / current assets do not earn any return / they may be more efficient in 2014.
- The acid test ratio improved / is more efficient in 2014 / cash is lower
- The stock turnover rate has improved / stock increased but is being sold more quickly / assists liquidity and is appropriate for a supermarket.
- The debtors are paying more slowly / this trend must be rectified / normal credit terms 30 days.

**4.6 The directors decided to increase the loan during the current financial year. Quote TWO financial indicators (actual figures/ratios/percentages) that are relevant to their decision. Explain why this was a good decision, or not.**

ROTC ☒

- This is 18,8% ☒

DEBT/EQUITY RATIO ☒

- This is 0,1 : 1 (see 4.4.2) ☒

**Explanation:** Depends on calculation above

- Positively geared as ROTC is higher than interest rate ☒
- Low financial risk / Not making much use of loans (it relies more on funds from internal sources) ☒

There have been significant improvements in both the quality of regulation and the supervisory approach since the 2007 FSAP Many amendments to existing laws new laws and regulations have been introduced aimed at addressing shortfalls identified in the 2007 FSAP These improvements will be evident throughout this assessment At the same time a number of weaknesses have been identified Among these is an operational risk within the NBG s own Banking Supervisory Department There has been a very high level of staff turnover in recent years due to a lack of salary competitiveness vis vis the commercial banks and there appears to be over reliance on key personnel Also the level and type of staff training need to be expanded While the NBG puts significant effort into understanding the risk profile of each individual bank and the banking system as a whole more attention is needed to improve the quality of risk management of the banks In a number of areas notably bank licensing the NBG relies on its broad supervisory powers to carry out its functions in the absence of detailed explicit powers While this regime generally seems to work well in practice it could leave the NBG open to challenge where these broad powers are not supported by more granular powers Recently several amendments to the legislation have been

introduced in order to address these shortcomings      The Schenley Experiment Jake Oresick,2017-04-14 The Schenley Experiment is the story of Pittsburgh s first public high school a social incubator in a largely segregated city that was highly even improbably successful throughout its 156 year existence Established in 1855 as Central High School and reorganized in 1916 Schenley High School was a model of innovative public education and an ongoing experiment in diversity Its graduates include Andy Warhol actor Bill Nunn and jazz virtuoso Earl Hines and its prestigious academic program and pensions lured such teachers as future Pulitzer Prize winner Willa Cather The subject of investment as well as destructive neglect the school reflects the history of the city of Pittsburgh and provides a study in both the best and worst of urban public education practices there and across the Rust Belt Integrated decades before Brown v Board of Education Schenley succumbed to default segregation during the white flight of the 1970s it rose again to prominence in the late 1980s when parents camped out in six day long lines to enroll their children in visionary superintendent Richard C Wallace s reinvigorated school Although the historic triangular building was a cornerstone of its North Oakland neighborhood and a showpiece for the city of Pittsburgh officials closed the school in 2008 citing over 50 million in necessary renovations a controversial event that captured national attention Schenley alumnus Jake Oresick tells this story through interviews historical documents and hundreds of first person accounts drawn from a community indelibly tied to the school A memorable important work of local and educational history his book is a case study of desegregation magnet education and the changing nature and legacies of America s oldest public schools

Rhodes, 2019-11-15 For American children raised exclusively in wartime that is a Cold War containing monolithic communism turned hot in the jungles of Southeast Asia and the first to grow up with televised combat Vietnam was predominately a mediated experience Walter Cronkite was the voice of the conflict and grim nightly statistics the most recognizable feature But as involvement grew Vietnam affected numerous changes in child life comparable to the childhood impact of previous conflicts chiefly the Civil War and World War II whose intensity and duration also dominated American culture In this protracted struggle that took on the look of permanence from a child's perspective adult lives were increasingly militarized leaving few preadolescents totally insulated Over the years 1965 to 1973 the vast majority of American children integrated at least some elements of the war into their own routines Parents in turn shaped their children's perspectives on Vietnam while the more politicized mothers and fathers exposed them to the bitter polarization the war engendered The fighting only became truly real inasmuch as service in Vietnam called away older community members or was driven home literally when families shared hardships surrounding separation from cousins brothers and fathers In seeing the Vietnam War through the eyes of preadolescent Americans Joel P. Rhodes suggests broader developmental implications from being socialized to the political and ethical ambiguity of Vietnam Youth during World War II retained with clarity into adulthood many of the proscriptive patriotic messages about U.S. righteousness why we fight heroism or sacrifice In contrast Vietnam tended to breed childhood ambivalence but not necessarily of the hawk and dove kind This unique perspective on Vietnam continues to complicate adult notions of militarism and warfare while generally lowering expectations of American leadership and the presidency Fluxos em cadeia Rafael Godoi, 2017-12-18 Neste livro Rafael Godoi explora o funcionamento atual e cotidiano do sistema penitenciário paulista a partir de três aspectos 1 a dinâmica da execução penal e o particular regime de processamento que organiza o fluxo de condenados pelos espaços de reclusão 2 o processo de expansão interiorizada do parque penitenciário as formas de territorialização das unidades prisionais da população carcerária e das agências que compõem o sistema de justiça e 3 o sistema de abastecimento que promove condições mínimas de sobrevivência no interior das prisões e as diversas modalidades de investimentos materiais e políticos que o caracterizam A constatação de que o funcionamento cotidiano das prisões no estado de São Paulo depende de uma ampla mobilização e de uma contínuo articulação de uma variedade de agentes situados tanto dentro como fora da instituição principalmente de presos e seus familiares lança questões sobre figuras atuais e hegemônicas da prisão que a tomam de um lado como um mundo social parte e de outro como um dispositivo de mera incapacitação de amplas camadas populacionais marginalizadas A obra contribui para a reflexão sobre o encarceramento em massa contemporâneo ao propor parâmetros descritivos e analíticos distintos daqueles que se formularam com referências experiências do punitivismo nos Estados Unidos e na Europa ocidental Godoi busca também
