

EPM Final Exam Questions (Autumn & Spring 2008)

Question 1

- a. Project life cycle (with diagram), why it's important in project management (planning, developing, executing and delivering phases) (5 marks)

The lifecycle recognizes that projects have a limited life span and that there are predictable changes in level of effort and focus over the life of the project. There are various life cycle models used in the industry usually industry tailored. The general project life cycle consists of 4 phases; defining phase, planning phase, executing phase, and delivering phase.
