Cordeiro, 2013-12-01 This book integrates several papers which were presented on the 1st International Conference on Time  
Perspective Converging Paths in Psychology Time Theory and Research that took place 5-8 September 2012 at the University  
of Coimbra Being the first we hope it to be a milestone in highlighting the effort spent by different psychological approaches  
to understand the role played by time concepts in individual group and organizational development The Conference was  
hosted by the Faculty of Psychology and Educational Science of the University of Coimbra Portugal its foundation takes back  
to 1290 and an institution for which the notions of a rich past history and future strategic planning constitute the  
cornerstones of today's concerns In a moment in time where the past the present and the future are intensively invested with  
meaning and intention researchers coming from all over the world reflected on how time perspectives impact on our lives  
from our more proximal to our most distal socio ecological contexts It reunited more than 300 participants coming from 42  
countries spread all over the 5 continents The chapters that are included in this book are a good illustration of the  
multifaceted focus on the research of subjective time in the psychological science We hope that this book is able to nourish  
the next wave of researchers on psychological time concepts encouraging them to pursue and renovate the theory the
