Hide Her Name Nadine Dorries,2015-06-04 This gripping follow on from The Four Streets finds the community alive with rumours and gossip after the murder which rocked it to the core The Hidden Truth of Your Name Nomenology Project,2011-08-17 From the secret wisdom of Kabbalah the Runes and Numerology an unprecedented guide to unlocking the hidden power of your name Your name is not only your calling card it also may determine how your life will unfold Mystics have studied the energies associated with names for centuries but The Hidden Truth of Your Name is the first book to synthesize their fascinating findings into one compelling resource offering in depth profiles of 750 American names Created by a team of linguistic experts and specialists this beguiling reference guides you through the illuminating intricacies of three ancient systems of divination and shows you how to apply them to create a subtly nuanced portrait of any name you choose KABBALAH This ancient Hebrew system of letter and number analysis helps you discover what the mathematics of your name adds up to in terms of work relationships and spiritual energies THE RUNES The letters of this old northern European alphabet for centuries an honored source of religious and magical values open surprising windows to self discovery and change NUMEROLOGY The key numbers of your name contain potent truths about the positive and negative aspects of your true nature and your destiny Complete with the principle colors gemstones and herbs that harmonize with each name this delightfully accessible book at last gives you the means to uncover the hidden truth and unique traits of your name From the Trade Paperback edition **The Whole Megilla** Joshua A. Fogel,2022-07-07 The Babylonia Talmud is an immense collection of laws practices and customs of the Jewish people edited in its present form in the fifth century Tractate Megilla literally scroll concerns a deep exegesis of the history and customs of the holiday of Purim when the Jewish people in ancient Persia were saved through the intervention of Queen Esther at the last minute from extermination by the wicked Haman It is a holiday of gaiety and commemoration The Talmud is often extremely difficult to understand and tractate Megilla is no exception The Whole Megilla is an effort to explain the text page by page for interested readers It affords the reader an opportunity to capture the flavor of the Talmud and follow the notoriously demanding text **The Names of Homeric Heroes** Nikoletta Kanavou,2015-09-14 The purpose of this book is to contribute to the appreciation of the linguistic literary and contextual value of Homeric personal names This is an old topic which famously interested Plato and an object of constant scholarly attention from the time of ancient commentators to the present day The book begins with an introduction to the particularly complex set of factors that affect all efforts to interpret Homeric names The main chapters are structured around the character and action of selected heroes in their Homeric contexts in the case of the Iliad a heroic war the Odyssey chapter encompasses more than one planes of action They offer a survey of modern etymologies set against ancient views on names and naming in order to reconstruct as far as possible the reception of significant names by ancient audiences and further to shed light on the parameters surrounding the choice and use of personal names in Homer An

Appendix touches on the underexplored career of Homeric personal names as historical names offering data and a preliminary analysis **Gloria's Cradle** Eralides E. Cabrera, 2010-04-30 Gloria Sanders is a product of her abused childhood She is bitter and carries the anger and frustration of a tortured soul She overcomes her troubled past by turning into a masterful planner dealing in stolen goods and shady transactions She erases all traces of her past by changing her identity and embracing a new life But her skill and resoluteness do not go unnoticed and she becomes the target of organized crime They search for her as a coveted prize Gloria does not give in easily and unstrapping the ensnaring net that they have thrown around her proves to be the most difficult feat of her life calling for the exercise of her most notable abilities

Impotent Fathers Brian McCrea, 1998 Understanding the novel as both the document and the agent of social change Impotent Fathers studies how writers in eighteenth century Britain at once recorded and helped to define a major demographic crisis suffered by the landed elite from 1650 to 1740 To questions about patriarchy property and gender in the early novel it brings recent work on demographics by the Cambridge Group for the History of Population Studies E A Wrigley R S Schofield Lloyd Bonfield and others and by Lawrence F and Jeanne C Fawtier Stone Impotent Fathers proposes that the early novel was an important means for readers and writers to work through anxieties about family property and succession created by failures in patrilineal succession Personal Names, Hitler, and the Holocaust I. M. Nick, 2019-05-13 Personal Names Hitler and the Holocaust A Socio Onomastic Study of Genocide and Nazi Germany provides readers with an increased understanding of and sensitivity to the many powerful ways in which personal names are used by both perpetrators and victims during wartime This book concentrates on one of the most terrifying and yet fascinating periods of modern history the Holocaust In particular it examines the different ways in which personal names were used by Nationalist Socialists to hunt and destroy the victims of their genocidal ideology Even before requiring Jewish residents to wear a yellow Star of David and have the letter J stamped on their passports Nazi leaders had decreed that all Jewish women and men must add the names Sarah and Israel to their documentation It did not take long for the perfidious logic behind this naming onomastic legislation to become frighteningly clear it made it that much easier to pinpoint Jewish residents for discrimination marginalization relocation deportation and ultimately extermination Through compelling first hand accounts from Holocaust survivors in depth interviews with descendants of Nazi war criminals and a plethora of chilling cases extracted directly from the meticulous records kept by the National Socialists this work presents a harrowing historical account of the way personal names were used during the Third Reich to achieve Hitler's homicidal vision Importantly the use of personal names and naming to target and annihilate victims is not a historical anomaly of World War II but a widespread sociolinguistic practice that has been demonstrated in many modern day acts of genocide From Rwanda to Bosnia Berlin to Washington when governmental controls are abridged and ethical boundaries are crossed very quickly something as simple as a person's name can determine who lives and who dies **The Works of Edmund Spenser** Henry John Todd, 2023-05-07 Reprint of the

original first published in 1872 The publishing house Anatiposi publishes historical books as reprints Due to their age these books may have missing pages or inferior quality Our aim is to preserve these books and make them available to the public so that they do not get lost **The Arthurian Name Dictionary** Christopher W. Bruce,1998-12-01 This text presents a comprehensive dictionary of characters places objects and themes found in the legends of King Arthur and the Knights of the Round Table Information is drawn from significant Arthurian sources between Gildas s De Excidio Britanniae c 540 and Tennyson s 19th century Idylls of the King The book contains names extracted f *Spenser, Daniel* Alexander Chalmers,1810
