The Instinct of the Tennis Player Jean Moose, 2021-11-29 As a former professional tennis player Chief inspector Hans Lucarelli had learned to follow his instinct to anticipate the game of his opponents His capacity becomes relevant when two lovers are found dead in an abandoned car park in the forest on the outskirts of the German city of Freiburg The double murder strongly resembles the doing of a famous wanted serial killer Something however does not quite seem to fit Against all odds and the instructions of his superior Lucarelli investigates the history of the male victim Henry Huth It turns out that he held evidence for the involvement of the top management of a giant car firm into a huge fraud with Diesel emissions Gradually the inspector is opening doors that were intended to stay shut The instinct of the tennis player is the second novel of the investigative crime series with Inspector Lucarelli written by Jean Moose The Sexual Instinct and its Morbid Manifestations from the Double Standpoint of Jurisprudence and Psychiatry Benjamin Tarnowski, 2020-09-28 In the present work I sketch in broad outline those facts and observations which inspired me with the idea of making enquiry into the causes of sexual perversion and this not merely under the influence of depravity and licentious excess preferably in fact I may say chiefly I examine these causes as connected with a morbid condition of the organism whether congenital or acquired Above all I make it my business to throw all the light possible on the part played by heredity and by the phenomena of arrested development as well as by the various morbid causes conditioning the etiology of sexual perversions and to differentiate these with the very utmost clearness from proved depravity of character conscious and premeditated vice My

Treatise on Sexual Perversion appeared in the first instance in Russian in 1885 A large number of Works have followed suit since in different countries and I have enjoyed the very great satisfaction of noting that my conclusions have been in the main confirmed by all my learned fellow workers in other parts of Europe Carrying my investigations further into this subject one equally delicate and important I have since brought together a very considerable number of fresh observations all of which support the views originally expressed in the present work But as previously to last year the whole of my time was consecrated to teaching my Classes at the Academy of Medicine leisure has hitherto failed me to draw up a fair and proper statement of my observations From another point of view it may be that con sidering their special subject they are still too recent to be published at once Meantime I am bound to state that this fresh evidence has not in any way modified my convictions on the question of sexual aberrations I may add that the further experience of these last few years makes me insist with even greater confidence than before on the practical conclusions with regard to examination by medico legal experts which I had previously drawn and which are laid down in this book The Sexual Instinct and Its Morbid Manifestations from the Double Standpoint of Jurisprudence and Psychiatry Veniamin Mikhaĭlovich Tarnovskiĭ,1898 The God Instinct Jesse Bering, 2013-02-21 The God Instinct explores how people s everyday thoughts behaviours and emotions betray an innate tendency to reason as though God were deeply invested in their public lives and secret affairs The Care of Life Miguel de Beistegui, Giuseppe Bianco, Marjorie Gracieuse, 2014-12-22 This interdisciplinary collection of essays demonstrates how the ethical and political problems we are confronted with today have come to focus largely on life The contributors to this volume define and assess the specific meaning of life itself It is only by doing so that we can understand why life has become an all encompassing problem why all questions especially ethical and political have become vital questions We have reached a moment in history where every distinction and opposition is no longer in relation to life but within it and where life is at once a theoretical and practical problem. This book throws light on this nexus of problems at the heart of contemporary debates in bioethics and biopolitics It helps us understand why and how life is understood valued cared for and framed today Taking a genuinely transdisciplinary approach these essays demonstrate how life is a multifaceted problem and how diverse the origins foundations and also consequences of bioethics and biopolitics therefore Female Sexual Inversion Chiara Beccalossi, 2011-10-26 An examination of how female same sex desires were are represented in a wide range of Italian and British medical writings 1870 1920 It shows how the psychiatric category of sexual inversion was positioned alongside other medical ideas of same sex desires such as the virago tribade prostitute fiamma and gynaecological explanations INSTINCT FOR DECEIT Frank Giardino, 2000-11-15 INSTINCT FOR DECEIT is a timely portrayal of the growing plague of moral ambiguity in American culture and the elusive nature of truth now viewed as simply a matter of opinion The setting is California's Gold Coast of Orange County where million dollar homes purchased in 1999 numbered nearly eight hundred Millionaire by age thirty was the credo Newport Beach Private Investigator Tom Henry is a

tough tenacious former Marine he s also twice divorced paranoid and a veteran homicide detective fired from the police force The mysterious bombing of a racing yawl on San Francisco Bay brings widow Suzy Gardiner and Tom Henry together Henry s investigation uncovers a tidal wave of multiple murder adultery and high level fraud The perpetrators are master connivers manipulators of facts money and people Working as a mercenary former Navy SEAL Eric Felix is a pathological killer with bloody skills honed in Vietnam Who hired him to destroy the sailboat and crew and why Henry sees possible conspiracy but more likely soliciting murder is the real crime Before the case comes to a surprising end protagonist Henry realizes that caught up in a climate of perfidy and disappointment nobody has all the answers Who among us is truly qualified to be policeman judge jury and executioner The Moral Punishment Instinct Jan-Willem van Prooijen, 2018 Why do we universally punish offenders. This book proposes that people possess a moral punish instinct a hard wired tendency to aggress against those who violate the norms of their group This instinct is reflected in how punishment originates from moral emotions stimulates cooperation and shapes the social life of human beings Animal Instinct James R. Vance, 2010 Detective Inspector Massey is investigating the murder of a young woman found in a waste disposal site Strange evidence DNA discrepancies and other conflicting results from forensics finally lead the investigation team in an unexpected direction Phantom Instinct Meg Gardiner, 2015-06-02 From award winning author Meg Gardiner co author of page 4 of cover Michael Mann's Heat 2 One year ago a shootout in a trendy L A club left bartender Harper Flynn's boyfriend dead Sheriff Deputy Aiden Garrison shattered and two gunmen engulfed in flames But if the case is closed why is Harper still afraid Certain that a third gunman escaped and is targeting survivors Harper pins her last hope on the only person willing to listen But a traumatic brain injury has left Aiden with a rare and terrifying disorder a delusion that random people are actually the same person in disguise As Harper and Aiden delve deeper into the case Harper fears that the attack might have been more personal than anyone believed And now her only ally is unstable paranoid and mistrustful because he s seeing the same enemy everywhere he looks Unnatural Instinct Robert W. Walker, 2003 Dr Jessica Coran faces the most terrifying challenge of her career when her professional adversary a criminal court judge is kidnapped by a deranged man with an unnatural instinct for revenge **Instinct** T.
