Furlani,2015-11-30 Among the best represented authors in Samuel Beckett s library was Ludwig Wittgenstein yet the philosopher s relevance to the Nobel laureate s work is scarcely acknowledged and seldom elucidated Beckett after Wittgenstein is the first book to examine Beckett s formative encounters with and profound affinities to Wittgenstein s thought style and character While a number of influential critics including the philosopher Alain Badiou have discerned a transition in Beckett s work beginning in the late 1950s Furlani is the first to identify and clarify how this change occurs in conjunction with the writer s sustained engagement with Wittgenstein s thought on for example language cognition subjectivity alterity temporality belief hermeneutics logic and perception Drawing on a wealth of Beckett s archival materials much of it unpublished Furlani s study reveals the extent to which Wittgenstein fostered Beckett s views and emboldened his purposes Literary Silences in Pascal, Rousseau, and Beckett Elisabeth Marie Loevlie,2003 To explore literary silence is to explore the relationships between literary texts and the silence of the ineffable It is to enquire what dynamics texts develop as they strive to say the unsayable and it is to think literature as a silence that speaks itself This study describes these literary and silent dynamics through readings of Pascal s Pens es Rousseau s R veries and Beckett s trilogy Molloy Malone meurt and L Innommable It contributes to our understanding of three major writers and challenges our idea of what silence

is The subject of silence and of the ineffable has a long philosophical and critical tradition A careful study of this tradition reveals the dominance of a limiting dualistic understanding of silence and its relationship to noise or language silence becomes the negative other the beyond about which there remains nothing to say The study of literary silence seeks rather to trace a language that becomes its own silence It compromises the attempt to think a silence that moves within and through texts that is inherent to the literary expression Central to this theoretical endeavour are thinkers like Derrida Deleuze Gadamer and Vattimo among several others The theoretical understanding of silence permits an effective methodology for reading literary silence Notions of repetition the aporia and the implosion which are developed in reference to Kierkegaard and Bataille describe textual strategies of literary silence and structure the readings Finally the reading of literary silence has its point of reference in writers like Mallarmé Blanchot and Beckett It is their texts that have taught us to become topological readers to move in and out of texts movements they have shown us how the literary expression is irreducible to linear meaning oriented language As readers of such texts we have been prepared to read the dynamics of the unsayable and finally to start discerning the silences of the literary

Le Silence des hommes Christine Orban, 2013-03-21 C'est plus fort qu'elles les femmes ont besoin de parler. Elles ne reuses excessives bavardes elles usent plusieurs milliers de mots par jour pour dire leurs bonheurs leurs chagrins leurs angoisses leurs amours ou leurs mensonges Les hommes eux sont avares. Quelques mots peine pour le superflu. Sur l'essentiel ils ne disent rien et c'est bien là le problème. Avec l'humour et l'impertinence qui ont fait le succès de Fringues Christine Orban mène à travers l'idylle sa nouvelle histoire la plus difficile des enquêtes tenter de comprendre le mystérieux silence des hommes

La Pensée logique et politique de M. Merleau-Ponty Joseph M Labaki, 2021-01-20 Maurice Merleau-Ponty is the giant phenomenologist of his time in the entire French speaking world He is not an epistemologist nor a moralist For him the beginning of the beginning is human flesh the flesh becomes word the word becomes flesh and both die There is science and there is experience perception The mother is the latter They aren't contradictory but complete and depend on each other With regard to language for him there are words and there is grammar A word is never empty but carries its own weight even a lie is full of meaning Liberty resides in grammar an individual function and independent from books It is in the grammar where singularity lives Thinking and talking are the same Wherever there is human life there is meaning and that is irrespective of age culture religion education or social position Merleau-Ponty is not a Marxist nor a communist According to him history is blind it has no mind He also finds a flaw in Freudianism Flesh is an infinite universe full of stars and black holes Following Merleau-Ponty verity is deceiver and deceiver is verity but verity is never absolute One must take a step back There is light and there is shadow they never coincide in human life The shadow is always first and no matter how one tries to run he will never catch his shadow

Theoretical Interpretations of the Holocaust Dan Stone, 2001 This book aims to show the many resources at our disposal for grappling with the Holocaust as the darkest occurrence of the twentieth century These wide ranging studies on philosophy history and literature address the way the Holocaust had led to the reconceptualization of the humanities The scholarly approaches of Pierre Klossowski Georges Bataille and Maurice Blanchot are examined critically and the volume explores such poignant topics as violence evil and monuments

Beckett Sans Frontières Minako Okamuro, 2008 SBT A 19 features selected papers from the Borderless Beckett Beckett sans frontières Symposium held in Tokyo at Waseda University in 2006 The essays penned by eminent and young scholars from around the world examine the many ways Beckett's art crosses borders coupling reality and dream life and death as in Japanese Noh drama or transgressing distinctions between limits and limitlessness humans animals virtual bodies and stones French and English words and silence and the received frameworks of philosophy and aesthetics The highlight of the volume is the contribution by Nobel Laureate J M Coetzee the special guest of the Symposium His article entitled Eight Ways of Looking at Samuel Beckett introduces a variety of novel approaches to Beckett ranging from a comparative analysis of his work and Melville's *Moby Dick* to a biographical observation concerning Beckett's application for a lectureship at a South African university Other highlights include innovative essays by the plenary speakers and panelists Enoch Brater Mary Bryden Bruno Clement Steven Connor S E Gontarski Evelyne Grossman and Angela Moorjani and an illuminating section on Beckett's television dramas The Borderless Beckett volume renews our awareness of the admirable quality and wide range of approaches that characterize Beckett studies

Twenty Years of French Literary Criticism Freeman G. Henry, 1994 **Nineteenth Century and After**, 1911 *Sartre's Theory of Literature* Christina Howells, 1979 *Enjoyment* Anna-Teresa Tymieniecka, 2013-03-14

Philosophy art criticism and popular opinion all seem to treat the aesthetics of the comic as lightweight while the tragic seems to be regarded with greater seriousness Why this favouring of sadness over joy Can it be justified What are the criteria by which the significance of comedy can be estimated vis vis tragedy Questions such as these underlie the present selection of studies which casts new light on the comic the joyful and laughter itself This challenge to the popular attitude strikes into new territory relating such matters to the profundity with which we enjoy life and its role in the deployment of the Human Condition In her Introduction Tymieniecka points out that the tragic and the comic might be complementary in their respective sense bestowing modes as well as in their dynamic functions they might both share in the primogenital function of promoting the self individualising progress of human existence For the first time in philosophy laughter mirth joy and the like are revealed as the modalities of the essential enjoyment of life being brought to bear in an illumination of the human condition
