The proceeding is a collection of research papers presented at the International Conference on Data Engineering 2013. DaEng 2013, a conference dedicated to address the challenges in the areas of database, information retrieval, data mining, and knowledge management, thereby presenting a consolidated view to the interested researchers in the aforesaid fields. The goal of this conference was to bring together researchers and practitioners from academia and industry to focus on advanced data engineering concepts and establishing new collaborations in these areas. The topics of interest are as follows but are not limited to: Database theory, Data management, Data mining and warehousing, Data privacy, security, Information retrieval, integration and visualization, Information system, Knowledge discovery in databases, Mobile grid and cloud computing, Knowledge based Knowledge management, Web data services, and intelligence.

Proceedings of the Undergraduate in Computer Sciences

Colloquium 2025 Mohammad Hafiz bin Ismail, 2025-02-05. The Undergraduates in Computer Sciences Colloquium serves as a platform for final year Bachelor of Computer Science students to exhibit their projects and research in three key fields: Information Technology (IT), Netcentric Computing, and Data Communication Networking. This proceeding book compiles their work reflecting their technical proficiency, problem-solving capabilities, and innovative thinking. This colloquium not only provides an avenue for students to share their work but also fosters collaboration, critical thinking, and innovation within the computing community. It is our hope that this compilation serves as an inspiration for future students and researchers, encouraging continuous learning and advancement in the field of computer science.
