If women harness the power of their purse and intentionally shift their spending money to commodities that have the greatest environmental benefit they can create a cleaner greener world. Provides easy-to-follow guidelines and lists so women can choose the greenest option regardless of what they're buying along with recommended companies they should support. Encourages women to spend wisely by explaining what's worth the premium price, some green products cost what's not, and when they shouldn't spend money at all, and differentiates between products that are actually green and those that are simply marketed as ecofriendly. Whether readers want to start with small changes or are ready to devote the majority of their budget to green products, MacEachern offers concrete and immediate ways that women can take action and make a difference. Empowering and enlightening, *Big Green Purse* will become the green shopping bible for women everywhere who are asking "What can I do?"

It all comes down to whether an adolescent giant Automaton, a truly mad Mad Scientist, a surly Necromancer, a Banshee's granddaughter, and a reluctant furry monster straight from under your little sister's bed can manage not to kill each other or at least quit fighting over the tele privilege schedule long enough to get the job done. Not likely.
