Fictions Du Corps:

Fictional Labor Jiewon Baek, 2022-07-15 This book advocates for the ethically formative labor that fiction accomplishes. As a force of production, the fictional labor of literature and the visual arts shapes the formation of collective meaning in an era marked by the negligence of social, financial, and environmental responsibility. As neoliberalism's hegemony since the 1980s has intensified through the proliferation of digital technologies in the 21st century, considering works of creative art as an ethically productive force is a necessary complement to political and economic critiques. The book invites readers to rethink how mutations in the production, circulation, and consumption of literary and visual materials are implicated in the commodification of information and attention for private gain. The link can have a positive effect that transforms the social relation from a capitalist ethos that expends life for profit to an alterity-driven ethos that defends life. But remedying the paucity of moral sentiments of social existence requires fictional labor to generate ethical sensibilities, cares, desires, and wills. The book's close analyses demonstrate the aesthetic and formal aspects of literary and visual art that mediate between social relations to yield a dependence alterity including the otherness of a precarious present, a menacing future beyond economic mastery, and an environment enmeshed with living beings and things.

Fictions du savoir à la Renaissance Olivier Guerrier, Hélène Cazes, Myriam Marrache-Gouraud, Sophie Arnaud, 2003-11-25

Nathalie Sarraute, Fiction and Theory Ann Jefferson, 2000-07-03 Nathalie Sarraute 1900-99 is regarded as one of the major French novelists of the twentieth century. Initially hailed as a leading theorist and exemplar of the nouveau roman, she has come to be regarded as an important author in her own right with her own distinctive concerns. In this major 2000 study of Sarraute, the first in English since her death, Ann Jefferson offers a fresh perspective on Sarraute's entire oeuvre: her novels, her outstanding autobiography *Enfance*, and her influential critical writings, by focusing on the crucial issue of difference which emerges as one of her central preoccupations. Drawing on a variety of critical approaches, Jefferson explores Sarraute's fundamental ambivalence to differences of various kinds, including questions of gender and genre. She argues that difference is simultaneously asserted and denied in Sarraute's work, and that the notion of difference, so often celebrated by other writers and thinkers, is shown in Sarraute's work to be inseparable from ambiguity and anxiety.

Body Parts Clara Elizabeth Urban, 2008 Explores the link between Herve Guibert, one of France's most provocative contemporary writers who died of AIDS in 1991, and the Marquis de Sade, the most notorious Enlightenment libertine.

Science Fiction and Innovation Design Thomas Michaud, 2020-10-07 Science fiction is often presented as a source of utopia or even of prophecies used in capitalism to promote social, political, and technoscientific innovations. Science Fiction and Innovation Design assesses the validity of this approach by exploring the impact this imaginary world has on the creativity of engineers and researchers. Companies seek to anticipate and predict the future through approaches such as design fiction, mobilizing representations of science fiction to create prototypes and develop scenarios relevant to organizational strategy. The conquest of Mars or the weapons of the

future are examples developed by authors to demonstrate how design innovation involves continuous dialogue between multiple players from the scientist to the manager through to the designers and the science fiction writers

The History of Fiction John Colin Dunlop, 1845 **Dictionnaire raisonné de l'architecture française du XI^e au XVI^e siècle, Tome Second** Eugène-Emmanuel Viollet-le-Duc, **The Academy and Literature** , 1886 Pathos, poetry and politics in Michel Houellebecq's fiction Russell Williams, 2020-02-03

In *Pathos Poetry and Politics in Michel Houellebecq's fiction* Russell Williams examines the literary style of France's most notorious novelist Houellebecq is frequently the focus of debate for his provocative comments about Islam and the decline of Western civilisation This book refocuses attention on how such provocation is an integral part of the texture of his novels Williams considers Houellebecq's writing about literature and outlines the key principles of the author's poetics founded on an acute sensitivity to reading experience He then explores Houellebecq's earliest poetry before mapping this poetic voice into his subsequent fiction including *S rotonine* 2019

Houellebecq's relationship with genre fiction and the crucial issue of the authorial persona that exists in and around his texts are also explored *Classical Unities* North American Society for Seventeenth-Century French Literature. Conference, Erec R. Koch, 2002
