Fields Of Glory

Daniel J. Sherman

Fields Of Glory:

Fields of Glory Jean Rouaud, 2012-01-20 Winner of the Prix Goncourt A New York Times Notable Book of the Year The setting may be the rainy lower Loire Valley of the 1950s but it is the WW I battlefields of Artois Meuse Lorraine and Yser that form the emotional backdrop to this poignant testament to the vitality of life that death cannot dim *Fields of Glory* begins as a collection of utterly charming reminiscences of the eccentricities of family elders told by an unnamed and indeterminately aged narrator In pure and graceful prose Rouaud describes crotchety grandfather Burgaud with his equally difficult car a cramped and leaky CV2 and maiden great aunt Marie with her card file of saints A prefatory catalogue of terrifying symptoms refers the reader to the saint specializing in the corresponding disorder The work of a lifetime It is in the midst of this comedy of daily life that the melancholy subtext of three generations slowly emerges the stories of the two young men who were casualties of the *Fields of Glory* and the family that remains to remember them **Fields of Fire** James

Webb, 2008-11-19 Few writers since Stephen Crane have portrayed men at war with such a ring of steely truth The Houston Post With a new introduction by the author for the book's 40th anniversary They each had their reasons for joining the Marines They each had their illusions Goodrich came from Harvard Snake got the tattoo Death Before Dishonor before he got the uniform And Hodges was haunted by the ghosts of family heroes They were three young men from different worlds plunged into a white hot murderous realm of jungle warfare as it was fought by one Marine platoon in the An Hoa Basin 1969 They had no way of knowing what awaited them Nothing could have prepared them for the madness to come And in the heat and horror of battle they took on new identities took on each other and were each reborn in fields of fire *Fields of Fire* is James Webb's classic novel of the Vietnam War a novel of poetic power razor sharp observation and agonizing human truths seen through the prism of nonstop combat Weaving together a cast of vivid characters *Fields of Fire* captures the journey of unformed men through a man made hell until each man finds his fate Praise for *Fields of Fire* A stunner Webb gives us an extraordinary range of acutely observed people not one a stereotype and as many different ways of looking at that miserable war Newsweek A novel of such fullness and impact one is tempted to compare it to Norman Mailer's *The Naked and the Dead* The Oregonian Webb's book has the unmistakable sound of truth acquired the hard way His men hate the war it is a lethal fact cut adrift from personal sense Yet they understand that its profound insanity its blood and oblivion have in some way made them fall in love with battle and with each other Time **On the Field of Glory** Henryk Sienkiewicz, 2000 Sienkiewicz

one of the greatest storytellers in world literature introduces a memorable cast of characters ready for battle duelling or love in this last completed historical novel of the Nobel Prize winner Breathing with life gusto and passion this book is set in one of the most turbulent and critical periods of European history Above all it is the story of the tumultuous love between Anulka and Jacek in what is the most lyrical of all Sienkiewicz love stories This groundbreaking new translation also includes a new epilogue narrating the events leading up to the glorious victory of the Christian forces led by King John Sobieski III This

epilogue has been carefully constructed by Mirosław Lipiński the translator using seasonal historical accounts by Count John Sobieski a distant relative of the king and Count A J Orzechowski *The Field of Honour* Harold Fielding, 1915 **Mirrors of Destruction** Omer Bartov, 2000-08-24 *Mirrors of Destruction* examines the relationship between total war state organized genocide and the emergence of modern identity Here Omer Bartov demonstrates that in the twentieth century there have been intimate links between military conflict mass murder of civilian populations and the definition and categorization of groups and individuals These connections were most clearly manifested in the Holocaust as the Nazis attempted to exterminate European Jewry under cover of a brutal war and with the stated goal of creating a racially pure Aryan population and Germanic empire The Holocaust however can only be understood within the context of the century's predilection for applying massive and systematic methods of destruction to resolve conflicts over identity To provide the context for the Final Solution Bartov examines the changing relationships between Jews and non Jews in France and Germany from the outbreak of World War I to the present Rather than presenting a comprehensive history or a narrative from a single perspective Bartov views the past century through four interrelated prisms He begins with an analysis of the glorification of war and violence from its modern birth in the trenches of World War I to its horrifying culmination in the presentation of genocide by the SS as a glorious undertaking He then examines the pacifist reaction in interwar France to show how it contributed to a climate of collaboration with dictatorship and mass murder The book goes on to argue that much of the discourse on identity throughout the century has had to do with identifying and eliminating society's elusive enemies or enemies from within Bartov concludes with an investigation of modern apocalyptic visions showing how they have both encouraged mass destructions and opened a way for the reconstruction of individual and collective identities after a catastrophe Written with verve *Mirrors of Destruction* is rich in interpretations and theoretical tools and provides a new framework for understanding a central trait of modern history **The Lion's Gate** Jodde Maree, 2012-03-18 John Mc Guckin Jodde Maree's poetry is a distinct journey through the heart of life The journey takes the reader through many twists and turns always ending at life's one true love and affection for all Shallow the mind that finds no beauty in living life's dreams Jodde Maree in her poetry captures all the emotions in life McKinley Cooper The imagery and language of this work is rich and weighty stunning Athena Artemis Breathtaking Terrence Michael Sutton I find her work so wonderful Kevin Gorman Sublimely crafted Shina Farad You are a gifted writer of prolific verse *The Academy*, 1901 **The Construction of Memory in Interwar France** Daniel J. Sherman, 1999 The contrast between battlefield and home front soldier and civilian was the basis for memory and collective gratitude Postwar commemoration however also grew directly out of the long and agonized search for the remains of hundreds of thousands of missing soldiers and the sometimes contentious debates over where to bury them For this reason the local monument with its inscribed list of names and its functional resemblance to tombstones emerged as the focal point of commemorative practice Sherman traces every step in the process of monument building as he analyzes commemoration's

competing goals to pay tribute to the dead to console the bereaved and to incorporate mourners individual memories into a larger political discourse Pub description **Slavery in Florida** Larry Eugene Rivers,2009-03-15 This important illustrated social history of slavery tells what life was like for bond servants in Florida from 1821 to 1865 offering new insights from the perspective of both slave and master Starting with an overview of the institution as it evolved during the Spanish and English periods Larry E Rivers looks in detail and in depth at the slave experience noting the characteristics of slavery in the Middle Florida plantation belt the more traditional slave based cotton growing economy and society as distinct from East and West Florida which maintained some attitudes and traditions of Spain He examines the slave family religion resistance activity slaves participation in the Civil War and their social interactions with whites Indians other slaves and masters Rivers also provides a dramatic account of the hundreds of armed free blacks and runaways among the Seminole Creek and Mikasuki Indians on the peninsula whose presence created tensions leading to the great slave rebellion the Second Seminole War 1835-42 Slavery in Florida is built upon painstaking research into virtually every source available on the subject a wealth of historic documents personal papers slave testimonies and census and newspaper reports This serious critical work strikes a balance between the factual and the interpretive It will be significant to all readers interested in slavery the Civil War the African American experience and Florida and southern U S history and it could serve as a comprehensive resource for secondary school teachers and students **The Chorus Glee Book** Isaac Baker Woodbury,1850
