professionals are valued members of society and are expected to be both skilled and ethical in their decision making The role
of the auditor extends far beyond that of counting beans by demanding a social and political awareness a technical
knowledge ethical principles and relationship skills In addition due to the team oriented nature of the audit approach
auditors require strong team building and interpersonal skills This book offers expert descriptions of and insights into how
such skills and responsibilities can be inculcated in tertiary education and professional training environments Unlike other
books which focus on auditing as a technical process this volume examines auditing from a teaching and learning perspective
Expert contributors provide authoritative insights into an audit education which is embedded in accounting practice The
book s descriptions of these insights into improving education for future audit professionals may allow the introduction of
new and challenging fields of enquiry Audit Education will be of great interest to educators in tertiary institutions trainers in
professional firms and key individuals in accounting professional bodies seeking to ensure their members possess acceptable
levels of attainment for admission and continued membership This book was originally published as a special issue of
