Barbuto, 2000 Most books on the War of 1812 focus on the burning of Washington D C the Battles of Baltimore and New Orleans and the war in the Old Northwest Scant attention however has been paid the Niagara Campaign of 1814 the American army's ambitious but failed attempt to wrest Canada from British control While a few writers have dealt with aspects of this effort Richard Barbuto is the first to offer a comprehensive study of the entire campaign Barbuto covers every aspect of a campaign that saw the American army come of age even as its military leaders blundered away potential victory and the acquisition of a coveted expanse of North American territory Vividly recreating the major battles on the Niagara peninsula at Chippawa Lundy's Lane Fort Erie and Cook's Mill Barbuto also clarifies the role of these engagements within the overall framework of American strategy Despite early success at Chippawa four long months of fighting finally ended in something like a draw with the British still in control of Canada Barbuto argues convincingly that the American government was never really able to harness coordinate and focus its tremendous resources in ways that would have allowed the campaign to succeed Much of the blame he shows can be attributed to the poor leadership and confused strategic thinking of President James Madison and his secretary of war John Armstrong The American effort was further undermined by manpower shortages a few ineffective field commanders and the army and navy's inability to coordinate their objectives and operations Even so Barbuto contends that the American soldier led by the likes of Jacob Brown and the legendary Winfield Scott performed surprisingly well against one of the great armies

of the nineteenth century Barbuto's analysis unmarred by national bias presents a balanced picture of these events from the perspective of all participants American British Canadian and Native American He also fills an important gap by providing the first ever capsule histories of all regimental sized units involved in the campaign Breathing new life into these events his far ranging study should become the definitive work on this long neglected campaign
