Generic Novel Study Questions:

Underground to Canada (Novel Study) Gr. 4-7 Rob Kennedy, 1997-01-01 Underground to Canada is the historical story of freedom and survival told through the eyes of two young girls. The story surrounds Julilly and Liza who with their friends Lester and Adam escape from a life of slavery on a cotton plantation in the Deep South. The story follows the two young girls as they travel through the United States along the underground railway to reach their final destination Canada. During their journey the two girls get separated from their friends and must make the long treacherous journey alone. They are encountered with many obstacles but are helped throughout their journey by those who make up the underground railway. This Novel Study provides a teacher and student section with a variety of activities, discussion questions, and an answer key to create a well-rounded lesson plan.

Creating Quality Literature Units Nancy Atlee, 2005 This essential reference provides instructions on writing literature units. Teachers can select any novel and design a comprehensive unit that incorporates activities that promote student understanding, literary analysis, and critical thinking. Your custom-made units will stretch students' abilities to think, write, and thoroughly understand the selected novel. Grades 4-8

Theoretical Issues in Literary History David Perkins, 1991 Literary history, the dominant form of literary scholarship throughout the nineteenth century, is currently recapturing the imaginations of a new generation of scholars eager to focus on the context of literature after a half century or more of close readings of isolated texts. This book represents current thinking on some of the theoretical issues and dilemmas in the conception and writing of literary history expressed by a group of scholars from North America, Europe, and Australia. They consider afresh a broad range of topics: the role of literary history in new societies; the problem of finding a starting point for literary history; the problem of literary classification; problems of ideology of institutional mediation; periodization; and the attack on literary history.

The Oxford Handbook of American Literary Naturalism Keith Newlin, 2011-03-01 After its heyday in the late nineteenth and early twentieth century, naturalism, a genre that typically depicts human beings as the product of biological and environmental forces over which they have little control, was supplanted by modernism, a genre in which writers experimented with innovations in form and content. In the last decade, the movement is again attracting spirited scholarly debate. The Oxford Handbook of American Literary Naturalism takes stock of the best new research in the field through collecting twenty-eight original essays drawing upon recent scholarship in literary and cultural studies. The contributors offer an authoritative and in-depth reassessment of writers from Stephen Crane, Frank Norris, Theodore Dreiser, and Jack London to Kate Chopin, Edith Wharton, Ernest Hemingway, Richard Wright, John Steinbeck, Joyce Kilmer, Oates, and Cormac McCarthy. One set of essays focuses on the genre itself, exploring the historical contexts that gave birth to it, the problem of definition, its interconnections with other genres, the scientific and philosophical ideas that motivate naturalist authors, and the continuing presence of naturalism in twenty-first-century fiction. Others examine the tensions within the genre, the role of women and African American writers, depictions of sexuality, the problem of

race and the critique of commodity culture and class A final set of essays looks beyond the works to consider the role of the marketplace in the development of naturalism the popular and critical response to the works and the influence of naturalism in the other arts *Resources in Education* ,2000-10 American Pediatrics Sydney A. Halpern,2024-03-29 Today's parents routinely consult pediatricians for care of sick youngsters information on child development and advice on problems of child management Yet only a hundred years ago special medical services for children barely existed During the intervening century physicians defined a new field and built occupational structures that established pediatrics as a permanent division of medical practice Professor Halpern traces the development of American pediatrics over the last century and identifies social processes underlying its evolution How did the pediatric specialty arise Through what processes did it emerge What forces shaped its changing scope and organization In addressing these questions the author draws on a rich combination of primary and secondary historical sources unpublished documents and interview data She shows how successive generations of specialists redefined pediatrics and created a series of occupational institutions including professional societies academic divisions training programs and certifying boards American Pediatrics offers an original approach to the study of medical specialties and professions and contributes a new perspective on professionalism Showing specialties to be both products and agents of societal change the book highlights multiple and interrelated forces contributing to the rise of new professions and documents the influence of surrounding occupations on the shape specialties assume Halpern enriches our understanding of American medicine and clarifies the origins of expert services for children and families This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1988 Department of Health and Human Services United States. Congress. Senate. Committee on Appropriations. Subcommittee on Departments of Labor, Health and Human Services, Education, and Related Agencies,1981

Departments of Labor, Health and Human Services, Education, and Related Agencies, Appropriations for Fiscal Year 1982 United States. Congress. Senate. Committee on Appropriations.
