

Geograph Papernovember 2014

Phil Macnaghten, Susana Carro-Ripalda

Geograph Paper November 2014:

Origination Andy Pike, 2015-03-24 *Origination The Geographies of Brands and Branding* offers innovative theoretical and conceptual frameworks relating to the ways that actors create meaning and value in commodity brands and branding through processes of geographical association Provides innovative conceptualization and theorization to facilitate an understanding of the geographical dimensions of brands and branding Challenges current interpretations of brands as vehicles of homogenization in globalization Establishes the theoretical and conceptual foundations of a more geographically sensitive approach through rigorous empirical examination of the under researched geographical differentiation of commodity brands and branding Presents innovative new research and analysis of the socio spatial biographies of the Newcastle Brown Ale Burberry and Apple brands Forges strong new connections between political and cultural economy approaches within geography Provides a distinctive and incisive conceptual and theoretical framework capable of engaging other branded commodities and their branding in other times and places

The Shadow of Kenyan Democracy Dominic Burbidge, 2016-03-09 Why has democracy failed to reduce corruption in Kenya Framing the challenge in game theoretical terms Dominic Burbidge examines how mutual expectations between citizens dictate the success or failure of political reforms Since 1992 Kenya has conducted multiparty elections with the hope of promoting accountability and transparency in government This is being undermined by ongoing corruption and an increasingly centralised state response to terrorism Providing a nuanced assessment of democracy's difficult road in Kenya Burbidge discusses the independent role being played by widespread social expectations of corruption Through tracking average views of the average person it is possible to identify a threshold beyond which society suffers mutually reinforcing negative social expectations This trend is the shadow of Kenyan democracy and must be treated as a policy challenge on its own terms before institutional reforms will be successful

Towards Good Order at Sea Thomas Mandrup, Francois Vre~, 2015-03-01 The problems originating from the resultant bad order at sea can be directly felt on land when smuggling terrorism and related criminal activities operate more or less unhindered The book provides an important mapping of the challenges preventing good order at sea off the African coast and East Africa in particular Rear Admiral N Wang Commandant Royal Danish Defence College

Complexity and Crisis in the Financial System Matthew Hollow, Folarin Akinbami, Randal Michie, 2016-01-29 What are the long term causes and consequences of the global financial crisis of 2007 2008 This book offers a fresh perspective on these issues by bringing together a range of academics from law history economics and business to look in more depth at the changing relationships between crises and complexity in the US and UK financial markets The contributors are motivated by three main questions Is the present financial system more complex than in the past and if so why To what extent and in what ways does the worldwide financial crisis of 2007 2008 differ from past financial crises How can governments regulators and businesses better manage and deal with increased levels of complexity both in the present and in the future Students and

scholars of finance economics history financial law banking and international business will find this book to be of interest It will also be of use to regulators and policymakers involved in the US and UK banking sectors **Clean Power Politics** Joseph P. Tomain, 2017-02-17 Clean Power Politics explains clean energy policy and the need for a successful transition to clean energy in the future **Rethinking Power Relations in Indonesia** Michaela Haug, Martin Rössler, Anna-Teresa Grumbli, 2016-07-15 Since colonial rule the island of Java served as Indonesia's imagined centre and prime example of development while the Outer Islands were constructed as the state's marginalised periphery Recent processes of democratisation and regional autonomy however have significantly changed the power relations that once produced the marginality of the Outer Islands This book explores processes of political economic and cultural transformations in Indonesia emphasizing their implications for centre periphery relations from the perspective of the archipelago's margins Structured along three central themes the book first provides theoretical contributions to the understanding of marginality in Indonesia The second part focuses on political transformation processes and their implications for the Outer Islands The third section investigates the dynamics caused by economic changes on Indonesia's periphery Chapters written by experts in the field offer examples from various regions which demonstrate how power relations between centre and periphery are getting challenged contested and reshaped The book fills a gap in the literature by analysing the implications of the recent transformation processes for the construction of marginality on Indonesia's Outer Islands **Routledge Handbook of National and Regional Ocean Policies** Biliana Cicin-Sain, David Vanderzwaag, Miriam C. Balgos, 2015-05-15 This comprehensive handbook prepared by leading ocean policy academics and practitioners from around the world presents in depth analyses of the experiences of fifteen developed and developing nations and four key regions of the world that have taken concrete steps toward cross cutting and integrated national and regional ocean policy All chapters follow a common framework for policy analysis While most coastal nations of the world already have a variety of sectoral policies in place to manage different uses of the ocean such as shipping fishing oil and gas development in the last two decades the coastal nations covered in the book have undertaken concerted efforts to articulate and implement an integrated ecosystem based vision for the governance of ocean areas under their jurisdiction This includes goals and procedures to harmonize existing uses and laws to foster sustainable development of ocean areas to protect biodiversity and vulnerable resources and ecosystems and to coordinate the actions of the many government agencies that are typically involved in oceans affairs The book highlights the serious conflicts of use in most national ocean zones and the varying attempts by nations to follow the prescriptions emanating from the 1982 UN Law of the Sea Convention and the outcomes of the 1992 2002 and 2012 sustainable development summits The interrelationship among uses and processes in the coast and ocean requires that ocean governance be integrated precautionary and anticipatory Overall the book provides a definitive state of the art review and analysis of national and regional ocean policies around the world **The World's Search for Sustainable Development**

Mukul Sanwal,2015-11-05 This text traces the evolution of sustainable development and climate change from the time it emerged in international consultations and agreements The three sections of the book focusing on the framework climate change and sustainable development seek to cover the essentials of the politics of natural resource usage at the global level The book explores the evolution of sustainable development and climate change within the framework of the United Nations and the way the concept has been defined through intergovernmental meetings agreements and consensus within the multilateral system It also explores the best ways of reducing the risk to the planet while enabling societies to pursue sustainable development paths The challenges call for a transformation of social systems to facilitate a broadly acceptable change The book also explores the adoption of low carbon models different from the high carbon socio technical systems and related social practices

Climate Terror Sanjay Chaturvedi,2016-01-12 Climate Terror engages with a highly differentiated geographical politics of global warming It explores how fear inducing climate change discourses could result in new forms of dependencies domination and militarised climate security

The Privatization of Israeli Security Shir Hever,2017-11-20 Between 1994 2014 Israel s security service was transformed becoming one of the most extreme examples of privatised security in the world This book is an investigation into this period and the conditions that created Occupation Inc the institution of a private military security industrial complex State sponsored violence is increasing as a result of this securitisation but why is it necessary and what are its implications In this book Shir Hever considers the impact of the ongoing Palestinian resistance to Israeli occupation the influence of U S military aid and the rise of neoliberalism in Israel to make sense of this dramatic change in security policy Through the lens of political economy this book shows how the Israeli security elites turn violence into a commodity in order to preserve their status and wealth providing a fresh new perspective on the Israeli occupation

Spiritual and Religious Tourism Ruth Dowson,Jabar Yaqub,Razaq Raj,2019-08-12 This book reviews tourist motivations for making religious or spiritual journeys and the management aspects related to them It explores sacred journeys across both traditional religions such as Christianity and Islam and newer forms of pilgrimage faith systems and quasi religious activities such as sport music and food Demonstrating to the reader the intrinsic elements and events that play a crucial role within the destination management process it provides a timely re assessment of the increasing interconnections between religion and spirituality as a motivation for travel Providing researchers and students of tourism religious studies anthropology and related subjects with an important review of the topic this book aims to bridge the ever widening gap between specialists within the religious tourism management and education sectors

Global Production Networks Neil M. Coe, Henry Wai-Chung Yeung,2015 Globalization and supply chains have re shaped the organization of the global economy in to global production networks The authors provide a clear framework for understanding these developments

Future North Janike Kampevold Larsen, Peter Hemmersam,2018-04-09 The changing Arctic is of broad political concern and is being studied across many fields This book investigates ongoing changes in the Arctic from a

landscape perspective It examines settlements and territories of the Barents Sea Coast Northern Norway the Russian Kola Peninsula Svalbard and Greenland from an interdisciplinary design based and future oriented perspective The Future North project has travelled Arctic regions since 2012 mapped landscapes and settlements documented stories and practices and discussed possible futures with local actors Reflecting the multidisciplinary nature of the project the authors in this book look at political and economic strategies urban development land use strategies and local initiatives in specific locations that are subject to different forces of change This book explores current material conditions in the Arctic as effects of industrial and political agency and social initiatives It provides a combined view on the built environment and urbanism as well as the cultural and material landscapes of the Arctic The chapters move beyond single disciplinary perspectives on the Arctic and engage with futures cultural landscapes and communities in ways that build on both architectural and ethnographic participatory methods

The Economics of Chocolate Mara P. Squicciarini, Johan Swinnen, 2016-01-21 This book written by global experts provides a comprehensive and topical analysis on the economics of chocolate While the main approach is economic analysis there are important contributions from other disciplines including psychology history government nutrition and geography The chapters are organized around several themes including the history of cocoa and chocolate from cocoa drinks in the Maya empire to the growing sales of Belgian chocolates in China how governments have used cocoa and chocolate as a source of tax revenue and have regulated chocolate and defined it by law to protect consumers health from fraud and industries from competition how the poor cocoa producers in developing countries are linked through trade and multinational companies with rich consumers in industrialized countries and how the rise of consumption in emerging markets China India and Africa is causing a major boom in global demand and prices and a potential shortage of the world s chocolate

Media Activism in the Digital Age Victor Pickard, Guobin Yang, 2017-07-06 Media Activism in the Digital Age captures an exciting moment in the evolution of media activism studies and offers an invaluable guide to this vibrant and evolving field of research Victor Pickard and Guobin Yang have assembled essays by leading scholars and activists to provide case studies of feminist technological and political interventions during different historical periods and at local national and global levels Looking at the underlying theories histories politics ideologies tactics strategies and aesthetics the book takes an expansive view of media activism It explores how varieties of activism are mediated through communication technologies how activists deploy strategies for changing the structures of media systems and how governments and corporations seek to police media activism From memes to zines hacktivism to activism this volume considers activist practices involving both older kinds of media and newer digital social and network based forms Media Activism in the Digital Age provides a useful cross section of this growing field for both students and researchers

Security Relations between China and the European Union Emil J. Kirchner, Thomas Christiansen, Han Dorussen, 2016-09-29 Over the past decade the EU and China have expanded their relations beyond a focus on economic and trade issues to the sphere of security Taking a broad

definition of security a multidisciplinary approach and a comparative perspective including scholars from both Europe and China this book provides an in depth analysis of the extent to which the EU and China not only express similar threat concerns or make declarations about joint responses but also adopt concrete measures in the pursuance of security cooperation In particular the book seeks to explore a range of key themes in the field of EU China security cooperation such as nuclear proliferation international terrorist threats and cyber attacks Besides providing an overview of the areas where security cooperation exists and where it does not it also highlights the aspects of convergence and divergence and the reasons for their occurrence

The ^AVoice of the Past Paul Thompson,2017-02-24 Oral history and life stories through recording the experiences of people of all kinds invigorate both past and present broadening life s base with unique testimony from hidden spheres of experience such as family relationships the informal culture of work or the lives of migrants This fully revised fourth edition of Paul Thompson s classic *The Voice of the Past* offers an invaluable tool for anyone using this approach

Governing Agricultural Sustainability Phil Macnaghten,Susana Carro-Ripalda,2015-06-26 Although GM crops are seen by their advocates as a key component of the future of world agriculture and as part of the solution for world poverty and hunger their uptake has not been smooth nor universal they have been marred by controversy and all too commonly their regulation has been challenged as inadequate even biased This book aims to understand these dynamics examining the impacts of GM crops in diverse contexts and their potentials to contribute to sustainable agricultural futures Part 1 draws on research from three global rising powers Brazil India and Mexico exploring the views of scientists farmers and publics Using a diverse array of ethnographic and qualitative methodologies the book examines the dynamics that have underpinned the controversy in three diverse geo political contexts the manner in which dominant institutional framings have been closely aligned with the interests of powerful elites and the multiple ways in which these have been resisted through local symbolic and material practices Part 2 comprises a series of short comment pieces from 11 leading social and natural scientists responding to the question of how to develop a policy framework for the responsible innovation of sustainable culturally appropriate and socially just agricultural GM technologies This innovative book offers new insights for researchers and postgraduates in Science and technology studies Agro ecology and Environmental Studies Development studies Anthropology Human Geography Sociology Political Science Public Administration Latin American studies and Asian studies

The Routledge Atlas of South Asian Affairs Robert W. Bradnock,2015-10-14 South Asia has developed from a group of newly independent post Colonial states of at most secondary importance to the wider world to its current position as a region of central strategic importance to both global economic development and world peace and stability This Atlas highlights the global significance of South Asia in relation to economic geopolitical and strategic interests It provides a coherent descriptive and analytical account of the key elements of the complex societies that make up the region and its component countries Illustrated with more than 100 original maps and offering concise entries on key issues the book is

structured thematically in these sections Global Context Geographical Environments Historical Evolution of South Asia Key Issues in modern South Asia Economy and Security Designed for use in teaching undergraduate and graduate classes and seminars in geography history economics anthropology international relations political science and the environment as well as regional courses on the South Asia this book is also a comprehensive reference source for libraries and decision makers focusing on South Asia

Posthumous Images Chad Elias, 2018-09-07 For almost two decades of its history 1975-90 Lebanon was besieged by sectarian fighting foreign invasions and complicated proxy wars In *Posthumous Images* Chad Elias analyzes a generation of contemporary artists who have sought in different ways to interrogate the contested memory of those years of civil strife and political upheaval In their films photography architectural projects and multimedia performances these artists appropriate existing images to challenge divisive and violent political discourses They also create new images that make visible individuals and communities that have been effectively silenced rendered invisible or denied political representation As Elias demonstrates these practices serve to productively unsettle the distinctions between past and present the dead and the living official history and popular memory In Lebanon the field of contemporary art is shown to be critical to remembering the past and reimagining the future in a nation haunted by a violent and unresolved war
