Africa Richard Elphick,Rodney Davenport,T. R. H. Davenport,1997-01-01 At a strategic time in South Africa s history the Christian history which is absolutely basic to all developments is presented in a comprehensive and objective way Too little attention is given to the influence of religion in socio political accounts This is a creative and much needed contribution to scholarship and general knowledge An outstanding work Dean S Gilliland Fuller Theological Seminary Basic Tonic Solfa Concepts Omphemetse Chimbombi,2007-04 Basic Tonic Solfa Concepts is an illustrative guide that tries to simplify and smoothen the learning path for tonic solfa notation users It brings under one package the easiest methods and techniques of yielding the best choral performance through proper notes or music reading interpretation and a well focused training program The book acts as a guide for both lay and professional music instructors as well as choristers by drawing upon the basic components of the best choral performance It is useful for both ensemble performances and solo singing *Sarah Anna Glover* Jane Southcott,2019-11-13 In Sarah Anna Glover Nineteenth Century Music Education Pioneer Jane Southcott explores the life and pedagogy of Sarah Anna Glover the female music education pioneer of congregational singing psalmody and singing in nineteenth century schools Glover devoted her life to the creation and propagation of a way of teaching class music that was meticulously devised musically rigorous and successfully promulgated Southcott analyzes Glover s methods history and memory and works to correct inaccuracies and misrepresentations that have emerged since Glover s death

The World of South African Music Christine Lucia,2009-03-26 The present Reader is a selection of texts on South African music which are chosen not only for their importance or the frequency of citations but with the express purpose of providing the reader with a deep understanding of the music itself Consequently there are readings that are chosen because they have been influential but there are also many which though published have not enjoyed very wide circulation There are those which are of obvious historic interest and others which speak to contemporary issues Among other things the volume provides an excellent sense of the varying ideologies and approaches that determine the relationship between author and subject The reader is indispensable to scholars and enthusiasts of South African music and it is of great interest to ethnomusicologists more generally It is also an excellent resource for those who do not have immediate access to harder to find articles and is perhaps most vital to those who are looking to find a way into the world of South African music
