From Dust to Glory - A Rural Journey , A JOURNEY OF RIPPLES J.P. Fowler,2007-09-21 Just as ripples from a single raindrop in a pond spread into infinity simple acts of kindness can turn into ripples of altruism and giving that last throughout eternity A Journey of Ripples is a series of stories as told by Matt an eyewitness to the power of paying it forward as he chronicles the experiences of his friends in Oregon The first story begins in 1986 when Paul reaches out to help Jo Ann on the darkest day of his life the day he buries his wife of more than fifty years In turn Jo Ann promises him that she will do the same for someone else The rest of the stories tell of the extraordinary responses to that promise This moving collection is about sacrifice and most importantly about giving and receiving beyond our fear pride and circumstances **My Journey from Berlin to Newport Beach: How a Teenage Immigrant Achieved the American Dream** Rudy Mariman,Craig Batley,2021-05-21 The University of Portland acknowledges with gratitude our proud alumni Rudy Mariman We are especially grateful to Rudy for establishing the Rudy Gloria First Generation Scholarship Program at the University This book chronicles Rudy s life in Germany his immigration to the United States in 1954 and his life arriving in Estacada Oregon and graduating from the University of Portland in 1962 Most importantly this book reflects upon Rudy s fascinating career in business the people he admires the incredible success that he has obtained over the years and how he continues to enjoy his work to this day **Resources in Education** ,1997-07 The Peripatetic Journey of Teacher Preparation in Canada Rosa Bruno-Jofré,Joseph Stafford,2020-10-12 This book situates teacher training preparation and education in Canada within national and global histories The authors lead the reader through an exploration of the objectives of schooling the contextual role of teachers and the political undercurrents sustaining various educational conceptions and policies **Journeys in Narrative Inquiry** D Jean Clandinin,2019-09-20 Organized around a metaphor of an academic journey D Jean Clandinin offers published tracings of an unfolding journey over 40 years that at its outset appeared to focus only on questions of epistemology However the book illuminates how that apparent beginning focus shape shifted to questions of methodology ethics ontology and subsequently political concerns Clandinin shows that even at the outset her research wonders were grounded in relational understandings of experience understandings that were simultaneously ontological methodological epistemological and ethical Jean s work is collaborative an engagement alongside others and within the contexts in which they and she lived and worked including those who were participants in the research She continues to acknowledge that

narrative inquiry changes people's ways of being in the world and those changes have ethical significance. While what she and her colleagues now call relational ethics has always been central, recently her sense of ethics has become more explicitly political. She shows the development of ideas over time beginning as she entered doctoral work and continuing through 2019 and onward. Jean's work centered on relational understandings of experience highlights ethical dimensions and has come to define narrative understandings for generations of researchers. This book will be an invaluable resource for researchers and graduate students and professional researchers in both educational and healthcare settings. **A Doctor of Education**
