Storytelling in Early Twentieth Century Adaptation Alexis Weedon,2021-06-18 This book explores the significance of professional writers and their role in developing British storytelling in the 1920s and 1930s and their influence on the poetics of today s transmedia storytelling Modern techniques can be traced back to the early twentieth century when film radio and television provided professional writers with new formats and revenue streams for their fiction The book explores the contribution of four British authors household names in their day who adapted work for film television and radio Although celebrities between the wars Clemence Dane G B Stern Hugh Walpole and A E W Mason have fallen from view The popular playwright Dane witty novelist Stern and raconteur Walpole have been marginalised for being German Jewish female or gay

and Mason's contribution to film has been overlooked also. It argues that these and other vocational authors should be reassessed for their contribution to new media forms of storytelling. The book makes a significant contribution in the fields of media studies, adaptation studies and the literary middlebrow.

JUDGES: Volume Two Michael Carroll, Maura McHugh, Joseph Elliott-Coleman, 2020-05-26 UNITED STATES OF AMERICA 2041 A.D. Eustace Fargo's new justice system has been in effect for eight years. The old days of waiting times and backlogs are over; judgement is quick and sentencing is instantaneous. The old police academies have all shut down and the new order is triumphant. But are things any better? Unrest is worse than ever. Criminals are more likely to kill rather than be caught. There's a war coming for the streets.

Cultural Legal Studies of Science Fiction Alex Green, Mitchell Travis, Kieran Tranter, 2024-10-28 This book presents and engages the world-building capacity of legal theory through cultural legal studies of science and speculative fictions. In these studies the contributors take seriously the legal world-building of science and speculative fiction to reveal, animate and critique legal wisdom, jurisprudence. Following a common approach in cultural legal studies the contributors engage directly and in detail with specific cultural texts: novels, television films and video games in order to explore a range of possible legal futures. The book is organized in three parts: first the contextualisation of science and speculative fiction as jurisprudence; second the temporality of law and legal theory; and third the analysis of specific science and speculative fictions. Throughout the contributors reveal the way in which law as *nomos* builds normative universes through the narration of a future. This book will appeal to scholars and students with interests in legal theory, cultural legal studies, law and the humanities and law and literature.

Utopia and Dystopia in the Age of Trump Barbara Brodman, James E. Doan, 2019-06-04 *Utopia and Dystopia in the Age of Trump: Images from Literature and Visual Arts* treats literature, film, television series and comic books dealing with utopian and dystopian worlds reflecting on or anticipating our current age. From Henry James's dreamlike utopia of *The Great Good Place* to the psychotic world of Brett Easton Ellis's *American Psycho* from science fiction and recent horror films, television adaptations of books such as Margaret Atwood's *The Handmaid's Tale* and new series such as *Black Mirror* to the repressive Hitlerian dystopia of Katherine Burdekin's *Swastika Night*, the contributors examine the development of scenarios that either prefigure the rise of individuals such as Donald J. Trump or suggest alternatives to them. Ultimately one might say of the worlds presented here: viewed from different social and political perspectives, one person's utopia is another's dystopia. This is the fifth in a series of books edited by Barbara Brodman and James E. Doan and published by Rowman Littlefield with Fairleigh Dickinson University Press. *The Universal Vampire: Origins and Evolution of a Legend and Images of the Modern Vampire* The *Hip* and the *Atavistic* both in 2013 focused on the vampire legend in traditional and modern thought. *The Supernatural Revamped: From Timeworn Legends to Twenty-First Century Chic* 2016 examined a range of supernatural beings in literature, film and other forms of popular culture. *Apocalyptic Chic: Visions of the Apocalypse and Post-Apocalypse in Literature and Visual Arts* 2017 dealt with legends and images of the apocalypse and post-apocalypse in film and graphic

The Comic Book Western Christopher Conway, Antoinette Sol, 2022-06 2023 Ray and Pat Browne Award for Best Edited Collection in Popular and American Culture One of the greatest untold stories about the globalization of the Western is the key role of comics Few American cultural exports have been as successful globally as the Western a phenomenon commonly attributed to the widespread circulation of fiction film and television The Comic Book Western centers comics in the Western's international success Even as readers consumed translations of American comic book Westerns they fell in love with local ones that became national or international sensations These essays reveal the unexpected cross pollinations that allowed the Western to emerge from and speak to a wide range of historical and cultural contexts including Spanish and Italian fascism Polish historical memory the ideology of shōjo manga from Japan British post apocalypticism and the gothic race and identity in Canada Mexican gender politics French critiques of manifest destiny and gaucho nationalism in Argentina The vibrant themes uncovered in The Comic Book Western teach us that international comic book Westerns are not hollow imitations but complex and aesthetically powerful statements about identity culture and politics

British Comics James Chapman, 2011-12-01 Arguing that British comics are distinct from their international counterparts a unique showcase of the major role they have played in the imaginative lives of British youth and some adults In this entertaining cultural history of British comic papers and magazines James Chapman shows how comics were transformed in the early twentieth century from adult amusement to imaginative reading matter for children Beginning with the first British comic Ally Sloper known as A Selection Side splitting Sentimental and Serious for the Benefit of Old Boys Young Boys Odd Boys generally and even Girls British Comics goes on to describe the heyday of comics in the 1950s and 60s when titles such as School Friend and Eagle sold a million copies a week Chapman also analyzes the major genres including schoolgirl fantasies and sports and war stories for boys the development of a new breed of violent comics in the 1970s including the controversial Action and 2000AD and the attempt by American publisher Marvel to launch a new hero for the British market in the form of Captain Britain Considering the work of important

contemporary comic writers such as Alan Moore Grant Morrison Ian Edginton Warren Ellis and Garth Ennis Chapman's history comes right up to the present and takes in adult oriented comics such as Warrior Crisis Deadline and Revolver and alternative comics such as Viz Through a look at the changing structure of the comic publishing industry and how comic publishers writers and artists have responded to the tastes of their consumers Chapman ultimately argues that British comics are distinctive and different from American French and Japanese comics An invaluable reference for all comic collectors and fans in Britain and beyond British Comics showcases the major role comics have played in the imaginative lives of readers young and old
