*An Informal History of the Hugos* Jo Walton, 2018-08-07 Engaged passionate and consistently entertaining *An Informal History of the Hugos* is a book about the renowned science fiction award for the many who enjoyed Jo Walton's previous collection of writing from Tor.com the Locus Award winning What Makes This Book So Great The Hugo Awards named after pioneer science fiction publisher Hugo Gernsback and voted on by members of the World Science Fiction Society have been presented since 1953 They are widely considered the most prestigious awards in science fiction Between 2010 and 2013 Jo Walton wrote a series of posts for Tor.com surveying the Hugo finalists and winners from the award's inception up to the year 2000 Her contention was that each year's full set of finalists generally tells a meaningful story about the state of science fiction at that time Walton's cheerfully opinionated and vastly well informed posts provoked valuable conversation among the field's historians Now these posts lightly revised have been gathered into this book along with a small selection of the comments posted by SF luminaries such as Rich Horton Gardner Dozois and David G Hartwell A remarkable guided tour through the field a kind of nonfiction companion to *Among Others* It's very good It's great New York Times bestselling author Cory Doctorow Boing Boing on What Makes This Book So Great

*Clear And Convincing Proof* Kate Wilhelm, 2014-08-01 When attorney Barbara Holloway takes a case there's no middle ground it's her rules her way Now as she finds herself at the helm of a complex defence involving the murder of a man everybody loathed all she needs is what she most lacks clear and convincing proof The Kelso McIvey rehabilitation center is a place of hope and healing for its patients and for the dedicated volunteers who work there For beautiful Annie McIvey in particular it's a sanctuary from her cruel husband and for directors Naomi and Greg Boardman it's the culmination of a lifelong dream But it's a dream about to be destroyed by Annie's husband David A brilliant surgeon an implacable misogynist a man whose ego rivals his skill with a scalpel David McIvey plans to close the doors on the centre's good work and good people replacing it with a state of the art surgery with him at the helm So when David's body is

discovered outside the clinic early one morning it's no surprise to anyone especially Barbara Holloway that somebody dared to stop him in cold blood Now Barbara must use her razor sharp instincts and take no prisoners attitude to defend the two members of the clinic about to stand trial for his murder Annie McIvey and Darren Halvord are accused of having an affair and plotting to kill David but Barbara believes a more complex motive lies at the heart of the crime In order to expose it she is forced to explore the darkest hiding place the soul beneath the skin     The Lucky Strike Kim Stanley Robinson,2010-07

fan Howard DeVore started publishing a complete listing of Hugo and Nebula awards including the stories that were nominated but did not win. The fact that stories were nominated implied that they had considerable merit. Mr DeVore felt that a complete listing would let fans compare them. The International Fantasy Awards may have inspired the Hugos so he added them. DeVore brought out new editions year by year publishing and distributing them himself with the aid of a number of devoted science fiction fans. By 1998 the task had grown to the point where Mr DeVore happily relinquished the job to Advent. This edition includes introductory and historical essays explaining how each award got started and how nominees and winners are chosen plus commentary in the yearly listings.

**The Price Of Silence** Kate Wilhelm, 2013-09-01 In dire need of a job Todd Fielding accepts the offer to work at The Brindle Times even if she has to move to the lackluster town of Brindle. As she settles into her new home Todd is fully prepared to adapt to the boredom of small town life but her preconceptions of Brindle are completely shattered when a local girl disappears. Even more shocking to Todd is the town's sheer indifference to the incident. No one not even the police appears particularly concerned. When Todd looks deeper into the story she discovers that five other girls have run away from Brindle under strange circumstances over the past twenty years. As she sets out to uncover the history of a town that has cloaked itself in secrecy for far too long evidence of manipulation and cold blooded murder begin to unravel. And Todd may be the next victim to pay the deadly price of silence.
