*2012-2013 College Admissions Data Sourcebook West Edition* ,      **Research Anthology on Fake News, Political Warfare, and Combatting the Spread of Misinformation** Management Association, Information Resources,2020-10-30 With recent headlines around fake news from world leaders and around presidential elections Twitter and other social media platforms being pressured to detect and label misinformation posted on their platforms as well as misinformation around COVID 19 and its vaccine the world has seen an increase in protests policy changes and even chaos surrounding this information This spread of misinformation when left unchecked can turn fiction into fact and result in a mass misconception of the truth that shapes opinions creates false narratives and impacts multiple facets of society in potentially detrimental ways indicating a need for the latest research on how the devastating impacts of this trend how to discern facts from misinformation as well as more information on technological advancements in fake news detection The Research Anthology on Fake News Political Warfare and Combatting the Spread of Misinformation is a compilation of the most comprehensive previously published and highly cited research from prestigious institutions including Columbia University and Stanford University USA which focuses on understanding fake news how it spreads its negative effects and current solutions being investigated While highlighting topics such as fake news trending conspiracy theories media distrust political warfare and detection methods this book is ideally intended for practitioners stakeholders researchers academicians and students interested in the continuing surge of fake news and its at times dangerous results      *Political Propaganda, Advertising, and Public Relations: Emerging Research and Opportunities* Kavoğlu, Samet,Salar, Meryem,2019-10-25 Public opinion is an important factor affecting the political decision making process In almost every community the ones in power no matter what type of political system is established want to be aware of the ideas and opinions of the rules regarding policies that they have implemented The factors that take part in the determination of public opinion must be explored further Political Propaganda Advertising and Public Relations Emerging Research and Opportunities is an essential reference source that discusses public opinion on policies as well as political communication activities Featuring research on topics such as campaign management branding and political marketing this book is ideally designed for campaign managers social media managers government officials advertisers media consultants public relations specialists researchers politicians academicians and students seeking coverage on current technological trends and political communication      **Tales Things Tell** Finbarr Barry Flood,Beate Fricke,2023-11-21 How can we understand the past in the absence of written records Pre modern histories of cross cultural exchange pose a particular problem for medieval historians They are marked by the long distance mobility of concepts individuals and materials and many of them cannot be reconstructed from the standard source texts on which historians usually depend They exist without named makers both outside and beyond official documents and court chronicles The same is true of artisans responsible for crafting objects whose circulation and reception defined aesthetic economic and

technological networks that may not have conformed to political or sectarian boundaries Authored by two leading medieval historians of the Middle East Africa and Europe *Object Lessons* addresses the gaps in medieval sources and modern scholarship arguing for the archival value of objects images and monuments Flood and Fricke examine six case studies that focus on the twelfth and thirteenth centuries From the stone carvings at the churches of Lalibela Ethiopia which have no textual documentation to medicinal bowls from Iraq for which some data can be gathered from unassociated but contemporary sources these studies show how imagery and objects traveled across continents The authors connect the histories of medieval Europe Africa and west Asia and raise significant questions about out of place objects and how in the absence of substantial archival material we might write their histories While there have been many publications on the histories of global circulation most of them focus on the early modern period in Europe By moving away from histories with abundant written archival material *Object Lessons* ventures far beyond the narratives of Europe and into complex cross cultural and intercontinental histories of objects and images

**Parentheses of Reception** John T. Hamilton, Evina Sistakou, Martin Vöhler, 2025-05-06 The volume argues that the parenthesis a rhetorical figure of speech and thought can offer fresh insights into classical reception studies By using the analogy of the parenthesis we may conceptualize the received past as inserted into the present while remaining somehow apart from the present Hence Graeco Roman antiquity is considered as being simultaneously in and to the side of the receptive work Along these lines the volume reviews parenthesis as a heuristic tool in ancient and modern cultures by applying it to various artistic media such as literature theatre art and cinema and to disciplines such as scholarship and translation The 22 chapters of the volume are written by scholars specializing in classics aesthetics comparative literature and cultural studies thus highlighting the parentheses of reception as a fascinating topic that may attract readers from different disciplines and academic fields

**Responses to Naturalism** Paul Giladi, 2019-07-25 This volume offers critical responses to philosophical naturalism from the perspectives of four different yet fundamentally interconnected philosophical traditions Kantian idealism Hegelian idealism British idealism and American pragmatism In bringing these rich perspectives into conversation with each other the book illuminates the distinctive set of metaphilosophical assumptions underpinning each tradition s conception of the relationship between the human and natural sciences The individual essays investigate the affinities and the divergences between Kant Hegel Collingwood and the American pragmatists in their responses to philosophical naturalism The ultimate aim of *Responses to Naturalism* is to help us understand how human beings can be committed to the idea of scientific progress without renouncing their humanistic explanations of the world It will appeal to scholars interested in the role idealist and pragmatist perspectives play in contemporary debates about naturalism

**Brute Facts** Elly Vintiadis, Constantinos Mekios, 2018 Brute facts are facts that don t have explanations They are instrumental in our attempts to give accounts of other facts or phenomena and so they play a key role in many philosophers views about the structure of the world This volume explores

neglected questions about the nature of brute facts and their explanatory role
