SUBJECT: Firmware update to solve intermittent power turn off then turn on

SYMPTOM: The TV will turn itself off and then back on intermittently

PROCEDURE: How to process your warranty claim

Samsung has recently suggested a firmware update to customers that have purchased the LN40A650A1F, LN46A650A1F, and LN52A650A1F. If you are contacted by a Samsung customer to perform a firmware update for any reason, refer them to the website below for instructions on how to update their firmware or to call 1-800-Samsung. Warranty claims for firmware adjustment only will not be accepted unless previously approved by either the Customer Care Center (supplying a transaction number), or your Regional Service Engineer (approving an existing service ticket).

However, the firmware version should always be confirmed and updated during normal service repairs. Refer to GSPN for service bulletin on firmware version and update instructions. Also, please note in any case Samsung will pay only one warranty claim for firmware update per serial number.
