Bruno Thibault,2009 J M G Le Cl zio et la m taphore exotique propose une analyse d taill e et approfondie de l oeuvre de J M G Le Cl zio prix Nobel de litt rature 2008 La question de la m taphore exotique sert ici de fil conducteur et permet d clarier le corpus lecl zien d un triple point de vue textuel anthropologique et psychanalytique L inscription probl matique de l espace et du voyage domine en effet toute la production litt raire de Le Cl zio et cette inscription s accompagne d une certaine ambiguïté g n rique D une part l analyse montre que l criture du voyage fonctionne chez Le Cl zio comme chez Segalen comme une criture des limites c est dire comme un d placement du sujet et du sens Mais d autre part l analyse montre que l criture du voyage dessine chez Le Cl zio un rapport singulier et ambivalent l espace postmoderne au d senchantement du monde et la disparition des grands mythes fondateurs interrogeant l acte m me de la cr ation litt raire A la fois humaniste et antidogmatique l oeuvre de J M G Le Cl zio se situe ainsi de fa on originale dans les marges des grands mouvements litt raires du XXe et du XXIe si cle du Nouveau Roman des ann es 60 la litt rature monde d aujourd hui Music's Fourth Wall and the Rise of Reflective Listening Mark Evan Bonds,2025-06-27 We ve all heard some version of the line I enjoy classical music but don t know anything about it Why but Why and when did listeners begin to accept the idea that knowledge was needed to enjoy this particular repertory Music s Fourth Wall and the Rise of Reflective Listening traces fundamental changes in the way listeners perceived instrumental music in European concert halls over the course of the late eighteenth and early nineteenth centuries Like the theater the concert hall has its own fourth wall an imagined barrier that allows audiences to forget that what they are experiencing is a carefully crafted artifice which in turn allows them to lose themselves in the music and resonate with it in a way that is immediate and direct But when composers like Joseph Haydn began to violate music s fourth wall most spectacularly in the finale of the Joke String Quartet 1782 with its repeated false endings lay listeners were compelled to listen reflectively They could not lose themselves in what they were hearing when it kept reminding them that they were listening to a work of music Author Mark Evan Bonds uses the concepts of resonant and reflective listening as coordinates for tracing this important change in the history of concert hall listening By 1850 reflective listening once limited largely to professional musicians and connoisseurs had become the aspirational norm for lay listeners Contemporary developments in the philosophy of art accelerated the growing status of instrumental music by promoting a mode of perception that went beyond the merely sensory to incorporate the intellectual as well Beethoven famously thought of himself as a tone poet someone who not only moved listeners but also challenged them to think and reflect Lay audiences thus gradually accepted the idea of listening as a skill that could be learned and cultivated Bonds shows how music appreciation texts composer biographies program notes and pre concert lectures all new during this period helped reinforce a growing distinction between classical and popular repertories For better or worse the ideal of reflective listening has
