**Short Stories Are Not Real Life** David R. Slavitt, 1999-03-01 In these fourteen beautifully crafted stories David R Slavitt shows his mastery of the form Elegant spare sometimes funny sometimes elegiac this collection reflects a writer in admirable control of his craft The title story complete with footnotes la The Norton Anthology of Short Fiction braids together the tidy conventions of fiction and the brutal reality of New York as a writing teacher ponders his student's sexually explicit story that may or may not be autobiographical In The Impostor a writer's brother exploits the legerdemain of fiction in a series of ever bolder impersonations Several of the stories are presented by emotionally wounded narrators disillusioned men looking for a hint of grace in a world where expectations are frequently doomed to disappointment In such a world only one thing is certain we will hurt and be hurt by the ones we love And in the vacuum left when traditions that might have been redemptive have lost their meaning punishment gets to be a habit a way of life or at least something to hold onto The stories pivot on nuance on the half realized insight on some perfectly innocent and insignificant insight on some perfectly innocent and insignificant gesture that turns round and grows into a medium to large awkwardness We find what the divorced father futilely awaiting his daughter's visit in Hurricane Charlie calls dabblers in distress lonely decent people trying to discover where love and life went In Simple Justice a man striving for some definitive family memory compares the process to archaeology The shards that remain are pathetically small and almost grudging Thus through the faltering memory of an elderly cousin in confluences a man becomes a kind of incarnation of his own father and for a moment finds himself at the vanishing point where a lost past meets an unknowable future in The long Island Train a simple anecdote becomes a metaphor for the opacity of the most apparently transparent human intentions Yet it is often these shard of tradition and memory that seem to hold our only promise of transcendence The protagonist of Grandfather for example through his reluctant participation in his grandson's bris finds a moment of reconciliation with a past that has broken loose of its moorings Even the most experimental of these pieces Instructions a list of admonitions ranging from the quotidian to the cosmic shows a deep humanity and a maturity of vision that steers adeptly between humor and despair These stories will linger in the reader's memory long after the book is closed
