Teeming with high quality color graphics each custom designed page helps you accomplish specific tasks everything from Web browsing to watching videos. Written by New York Times columnist and Missing Manual series creator David Pogue this book shows you how to get the most out of your new Apple iPhone. The name iPhone may be doing Apple a disservice. This machine is so packed with possibilities that the cellphone may actually be the least interesting part. The iPhone is at least three products merged into one a phone a wide screen iPod and a wireless touch screen Internet communicator. The iPhone's beauty alone may be enough for you to dig for your credit cards but its Mac OS X based software makes it not so much a smartphone as something out of the film *Minority Report*. The real magic however awaits when you browse the Web. You get to see the entire Web page on the iPhone's screen. All of this is cooked up with Apple's traditional secret sauce of simplicity intelligence and whimsy. Written by New York Times columnist and Missing Manual series creator David Pogue iPhone: The Missing Manual shows you everything they need to know to get the most out of your new Apple
